Drug Monitoring Initiative

REV042220V.0850 A

Summary

The spread of COVID-19 has negatively impacted statewide infrastructure and reduced the availability of a wide number of Health and Prevention Sharing Network (HPSN) resources, which are essential for DMI partners and the individuals they serve.

In response to the COVID-19 (coronavirus) pandemic, NJ's Drug Monitoring Initiative (DMI) has created a "New Jersey Resource Guide" to provide DMI partners and the public with links to relevant resources for a variety of topics.

Working Together To Create Solutions

GENERAL INFORMATION

At this time, testing is prioritized for individuals who are sick with symptoms of fever, cough and shortness of breath where they need hospitalization, those who are close contacts of confirmed COVID-19 cases, and individuals who traveled to/from highly affected areas.

If you do not have symptoms, testing is not recommended. Complete this self-assessment to learn what to do.

3 TYPES OF TESTING SITES

Community-based testing sites - These sites are open to all New Jerseyans who are experiencing symptoms of respiratory illness
County testing sites - These sites may be restricted to residents or first responders of a specific county. Some also require an appointment and/or prescription from a healthcare provider.
Private testing sites - To access testing at these sites, you must contact your doctor or healthcare provider.
***NOTE**: Each testing site operates on a schedule and has specific requirements. Please check with that site before visiting as you may be turned away*

COMMON QUESTIONS ABOUT TESTING

Should I get tested if I do not have symptoms of COVID-19?
What is the difference between a community-based testing, county testing, and private testing site?
What do I need to bring to get tested at a community-testing site? What should I expect when I am there?
Where are testing sites? What are their hours?
I was turned away from the community-based testing location. Why?
Why do I need to bring my health insurance card to community-based testing sites?

Hunterdon Medical Center 2100 Westcott Drive Flemington, NJ 08822	**Hunterdon CountyResidents Only**	Hunterdon Healthcare opened a respiratory illness tent located behind the Hunterdon Medical Center in Raritan Township on Friday to expand its capacity to evaluate and test a growing number of patients affected by the coronavirus pandemic. The tent will be open daily from 10 a.m. to 6 p.m., and has been established to accomplish three goals: expand the existing evaluation and testing capacity for individuals screened for COVID-19; offer individuals experiencing coronavirus symptoms a direct and convenient connection to screening and treatment. Patients do not need to receive a written order to visit the respiratory illness tent, but are encouraged to contact their primary care physicians and receive direction from them regarding further testing and evaluation prior to visiting the tent. Individuals who choose to visit the respiratory illness tent should drive directly to the Emergency Department entrance of the Hunterdon Medical Center and remain in their car as a clinician approaches them to evaluate their medical needs. Visitors with respiratory illness or symptoms of the coronavirus will be instructed to follow signs to the rear of the hospital where the tent is located, where again they will be asked to remain in their car until being approached by a clinician who will show the driver where to park and how they will be brought into the tent for screening.	10 am to 6pm

Salem County Fairgrounds 735 Harding Highway Woodstown, NJ 08098	**Salem County Residents Only**	Beginning on Monday, April 13, any individual who wants to be tested can call the Southern Jersey Family Medical Centers' telehealth line at 609-569-4510 between the hours of 9am-1pm to begin the process of scheduling an appointment. The line to schedule appointments will be open every Monday and Wednesday from 9am-1pm. All residents who call will be pre-screened by a Southern Jersey Family Medical Centers provider to ensure they meet all testing criteria. If testing is recommended based on the provider's screening, the individual will be prompted to schedule an appointment and will be given specific instructions regarding time and location of the test. Salem County residents who have made an appointment to be tested must bring their government issued I.D. to the testing site at the time of their appointment. Once testing is completed, the Salem County Department of Health will ensure that all patients who are tested receive their test results within 2-4 days of testing.	See description for details
Raritan Valley Community College 118 Lamington Rd Branchburg, NJ 08876	**Somerset & Hunterdon County Residents Only**	Testing is free of charge and only available to Hunterdon and Somerset County residents, age five (5) and older, who are exhibiting symptoms, such as fever, dry cough and shortness of breath. At the test site, individuals must have a written doctor's authorization and show proof of residency, such as a valid driver's license or state-issued identification. For the safety, health and security of staff and volunteers, patients must arrive by car. The testing site will not allow entry if residents don't arrive in a vehicle, even if they have a valid driver's license and prescription. Anyone who does not have an appointment and a valid prescription or written order from their physician will be turned away.	For updates check www.co.somerset.nj.us/covid19status

National Alliance for Grieving Children	Online	For many that offer grief support to children, teens and those that care for them there are many challenges as a result of the social distancing that is necessary in light of the global pandemic. We are creating a series of free resources, educational opportunities and connection calls to facilitate those who work with grieving families accommodating to the current reality. Please share these broadly so that we can support the widest audience. Together we can succeed in continuing to provide a safe space for children and teens to process their grief.	https://childrengrieve.org
Grief in Common	Online	The journey of grief provides an opportunity for great personal growth, reflection and resilience that only the greatest challenges in our lives can design. This journey is not a simple one and the resilience isn't easily found. It comes with time, it comes with patience, and more than anything, it comes with support. Support from people who understand.	https://griefincommon.com/
Sudden Unexplained Death in Childhood Program	Cedar Grove	The SUDC Foundation is the only organization worldwide whose purpose is to promote awareness, advocate for research and support those affected by sudden unexplained death in childhood (SUDC). The SUDC Foundation provides all services at no cost to families.SUDC serves families across the USA and beyond. We are not just a NJ-based organization.	www.sudc.org
New Jersey Mental Health Cares	New Jersey	NJ Mental Health Cares is New Jersey's behavioral health information and referral service.
