Odyssey Adventures is a traditional day camp whose mission includes nurturing independence, building social skills, and spending time in nature. Cell phones, smartwatches, and other electronics are expensive and can get lost, stolen, or damaged and function as a potential barrier for children to acclimate to the camp environment and grow, limiting their ability to meet our goals. Therefore, we require that these devices be left at home.

Special People United to Ride (SPUR) is a non-profit organization of local citizens established in 1981. Members assist the Park System in serving individuals with physical and mental disabilities through horseback riding lessons. Students work to

improve self-esteem, social skills, balance, muscle tone, and posture as well as to process sensory messages.

A dedicated group of individuals works together to staff the Equestrian Center year round. Instructors are certified by the PATH International, the governing body of therapeutic horseback riding. In addition to the staff, over 100 volunteers help with programs every year. Caring, dedicated individuals are needed to work as volunteers. Minimum age to volunteer is 14.

For more information about SPUR, please call 732-224-1367, email spur@monmouthcountyparks.com, or visit www.spuronline.org.

Formed in 1991, the *Friends of the Parks* is a non-profit charitable organization comprised of area citizens and businesses committed to the support of the Monmouth County Park System. In this day and age, when recreation funding must be stretched to meet the needs of a burgeoning population, membership dues, donations, and proceeds from special fundraisers furnish the financial assistance necessary to achieve a number of worthwhile goals.

Throughout beautiful Monmouth County, the Park System manages more than 30 parks, golf courses, recreation areas, historic sites, and stream valleys for your recreation and enjoyment. The *Friends* realize how important it is to protect and preserve the more than 15,000 acres of county parks and open space maintained by the Park System.

In events during the year, *Friends* meet and work with Park System staff and are able to share their views about the ways county

parks can be improved and new programs developed. The *Friends* can provide a new outlet for your creativity. Do you have special talents? Do you enjoy giving talks about your travels or areas of interest? With the contacts you make at the Friends of the Parks, you can find ways to share your interests with others. You can help the *Friends* support programs for the disadvantaged and encourage development of innovative activities.

Friends members receive publications such as the Park System Parks & Programs Guide and Green Heritage and enjoy borrowing privileges at the Deep Cut Gardens Horticultural Library. Members also receive discounts on many Friends events.

Join a circle of friends who share your interest in making Monmouth County a better place to live through the preservation of open space and the enhancement of county park facilities. Become a Friend of the Parks today. For an application form, call the Friends office at 732-975-9735 or download one at www.friendsofmonmouthcountyparks.com.

Monmouth Conservation Foundation (MCF) is Monmouth County's only land trust, dedicated to preserving natural habitats, farmland, and open spaces which make our region so special. Founded in 1977 as an independent nonprofit to work hand in hand with the county to preserve land, we are proud to have helped to permanently protect more than 9,500 acres, including more than 4,500 acres or 1/4 of Monmouth County parklands.

What We Do

MCF works tirelessly to create parks, save open space, preserve farmland, teach environmental sustainability, safeguard waterways, and protect wildlife. We partner with federal, state, county, and municipal partners to acquire and preserve open space and farmland and conserve natural habitats throughout Monmouth County in support of outdoor recreation, agriculture, clean water, and wildlife for long-term sustainability.

Why It Matters

As development pressures increase and the impacts of climate change intensify, our water quality, real estate, natural habitats, and the very appeal of Monmouth County are at risk. Our efforts help to ensure that our green spaces and resulting quality of life are preserved for future generations. We also educate students and families about

environmental sustainability and conservation through STEM/STEAM-based engaging programs and community events.

As the new owners of the 90-acre Scudder Preserve in Middletown, we will have our first-ever home base and be the hub for Monmouth County's conservation and sustainability initiatives with access for all residents.

Our Commitment

Since 2014, MCF has been accredited by the Land Trust Accreditation Commission, demonstrating our commitment to meeting the highest national standards for excellence and conservation permanence. We are one of only 471 accredited land trusts out of 1,100 nationwide.

Tee up with us! Private club conditions at public course prices make Monmouth County's 8 golf courses one of the best values around.

Protecting the Jersey Shore's rapidly diminishing open spaces and their natural resources is a priority for this waterfront site where shorebirds nest, anglers fish, and area residents love to bring their dogs.

Participants, Please Note

Due to the strenuous nature of some activities, participants are urged to consult a physician concerning fitness to participate. All activities present certain inherent risks and hazards which the participant must consider and which the participant assumes.

Weather Cancellations

Call the following number 1 ½ hours prior to your program's start time to find out whether it has been cancelled: 732-842-4000, ext. 6. The message includes only programs cancelled due to bad weather.

Americans with Disabilities Act

The County of Monmouth does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs or activities. Kevin Dunn, Monmouth County Park System, 805 Newman Springs Road, Lincroft, NJ, telephone 732-842-4000, ext. 4219, has been designated by the Board of Recreation Commissioners to be the Park System's Compliance Officer, to coordinate compliance with the nondiscrimination requirements contained in Section 35.107 of the Department of Justice Regulations. Information concerning the provisions of the Americans with Disabilities Act, and the rights provided thereunder, are available from the above named coordinator. If you require any modifications because of a disability, please indicate at time of registration.

Service Animals

Service animals are defined as a dog that has been trained to perform tasks for an individual with a disability. The task(s) performed by the dog must be directly related to the person's disability. "Comfort," "therapy," or "emotional support" animals do not meet the definition of a service animal. Monmouth County does not require service animals to be certified, licensed, or registered as a service animal. Nor are they required to wear service animal vests or patches. Service animals are allowed in all areas of a facility where the public is allowed except where the dog's presence would create a legitimate safety risk or would fundamentally alter the nature of the services being provided. The County requires that service animals be under the control of the handler at all times and be harnessed, leashed, or tethered, unless these devices interfere with the service animal's work or the individual's disability prevents them from using these devices.
