Dynamic costs

Uber's pay-per-performance pricing model means Monmouth County is billed based on actual utilization—only paying for trips that are completed or subsidies that are redeemed.

The cost of each rideshare trip is dynamic and subject to fluctuation. Our dynamic cost model incorporates familiar variables such as per-minute and per-mile rates, along with a variable booking fee. Generally, our cost model can be understood as:

CONFIDENTIAL AND PROPRIETARY INFORMATION
EXEMPT FROM PUBLIC DISCLOSURE

[(Base fare + (Cost per minute * Time in ride) + (Cost per mile * Ride distance) + Booking fee + Other fees)] - Rider's cost (applicable if the Agency sets a co-pay) = Agency cost

Uber fare estimates for UberX

Uber is committed to fare transparency. Below is the cost breakdown for UberX, the most cost-effective and most utilized vehicle product across Monmouth County.

UberX	
Base fare	\$2.53
Minimum fare	\$11.52
+ Per minute	\$0.27
+ Per mile	\$1.63
Estimated surcharges	Variable
Booking fee	Variable
<p>You agree to pay the upfront price and applicable wait time fees. The amount presented may be adjusted up or down at the end of the trip if the actual route has tolls/surcharges that differ from the estimated route. Your price may also change based on the rates below if the length, duration, or route of your trip changes. For UberX trips that are matched with a taxi driver, the amount shown for estimated surcharges will be added to the Base Fare.</p> <p>Additional wait time charges may apply to your trip if the driver has waited 2 minute(s): up to \$0.68 per minute, depending on how busy it is. For multiple-stop trips, an additional charge of up to \$0.57 per minute at a stop will apply.</p> <p>Pricing as of April 1, 2026. Pricing is dynamic and subject to change.</p>
