Exception Sheet Item 73 Market Information on Treated Lumber

Several mills have reduced production + others have ceased producing 4x4-20' #2+Btr SYP MCA treated for the following reasons:

1. After treatment Item 73 (3'1/2 x 3'1/2)-20' has encountered difficulty in maintaining straightness
2. In addition because of its thickness + width w/ MCA treatment Item 73 has a tendency to twist + warp

We priced out Item 73 so as not to be disqualified for not bidding on all items
