8. A price Proposal for all consulting services stated as an Annual Cost, based upon the scope of services outlined in this RFP. See Appendix A.

Round Hill Risk Partners will provide the services described in this RFQ for NO consulting cost, but rather for the commissions received from the placement of insurance. The premiums for insurance are based on the insurance providers evaluation and Round Hill Risk will ensure that our commissions do not negatively affect the pricing of your insurance. Each individual insurance provider has a payment schedule with each insurance agency.

If the event that your insurance carrier does not pay a broker commission - Round Hill will fix the annual consulting cost to \$50,000.

9. Any other information your firm deems appropriate for consideration.

What sets Round Hill Risk Partners apart from other insurance carriers is our familiarity & collaboration with our clients. Round Hill Risk Management's goal for the County of Monmouth is to manage the costs and maximize the value of your insurance program for years to come. While personalized service was once the norm in the insurance business, it has become rare in this era of insurance agency consolidation. Large aggregators have institutionalized their service models which requires insurance professionals to maximize the number of clients that they serve, because of this client service has suffered.

Round Hill Risk Partners has a deep understanding of The County of Monmouth and a vested interest in the County's success. Bobby Clark and his wife, Sarah, live in the County and their children attend the schools there. Mr. Clarks is the "Home-Town" professional and his connection and commitment to the County make Bobby and Round Hill uniquely qualified to serve The County of Monmouth.
