Monmouth County Board of Chosen Freeholders

in partnership with Monmouth University

2020 Made in Monmouth Spring Shopping Directory

In light of the recent efforts to protect and keep residents safe from the spread of the Coronavirus (COVID-19), the Monmouth County Board of Chosen Freeholders and I are asking the public to consider supporting local businesses who rely on steady income in order to remain open and pay their employees.

There are several ways we can continue to support our local businesses and workforce during this difficult time, including ordering takeout food from restaurants and establishments who remain open for business; purchasing gift cards to use at a later date; pay for services in advance such as future hair appointments; or order online from local businesses,

Even though the annual Made in Monmouth shopping event originally scheduled for April 18, 2020 has been postponed, consumers can still help these small businesses by going to www.madeinmonmouth.com to view a directory of the businesses that registered for the event and shop online.

Please continue to support our local businesses and remember that these business owners and employees are our friends, neighbors and members of our communities.

Thomas A. Arnone

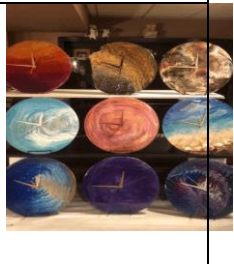

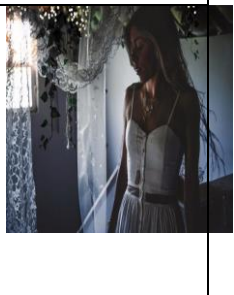

Monmouth County Freeholder Director
Liaison Division of Economic Development & Tourism
