

Monmouth County Park System Mount Mitchell Scenic Overlook Site Repairs

PROJECT INFORMATION

PROJECT DESCRIPTION:

Mount Mitchell Scenic Overlook Site Repairs will administer a range of site maintenance tasks to increase accessibility and preserve the site. Project work includes removing and replacing colored exposed aggregate concrete walks, resealing concrete joints, replacing cracked curbs, patching asphalt and sealing asphalt cracks, and replacing the existing drinking fountain with a bottle fill station.

REASON FOR PROJECT:

This project remedies accessibility barriers which were cited in an Americans with Disabilities Act (ADA) compliance report. The 2004 Mount Mitchell Scenic Overlook memorializes the 147 Monmouth County men and women who lost their lives in the terrorist attacks of September 11, 2001. Accessibility and site repairs uphold Monmouth County Park System's commitment to ADA equity and inclusion and will preserve this commemorative park.

DESIGN APPROACH:

All proposed work will comply with the Americans with Disabilities Act state and federal requirements.

PROJECT STATUS: This project has been awarded to Seacoast Construction Inc. Construction is scheduled to commence in May 2024.
