Thursday, March 7, 2019

REGISTER TODAY FOR MONMOUTH COUNTY PARK SYSTEM SUMMER CAMPS & SWIM LESSONS

LINCROFT — Summer is coming sooner than you think! Make it one to remember by signing up your child for summer camp with the Monmouth County Park System! The highlight of any child’s vacation, these camps feature everything you’d want - games, crafts, outdoor adventures and nature activities. Some Park System camps allow children to focus on a particular sport or interest such as ***Wilderness Survival***, ***Wizarding Games*** and ***Skateboarding Camp***. Can’t choose? You don’t have to. Most Park System camps last a week, allowing children to register for multiple camps and experience new activities throughout the summer. The Park System also offers both group and private swim lessons.

Registration is underway and being accepted online, by phone, through the mail and in person. All offerings are listed in the ***Summer Camps & Swim Lessons*** issue of the Park System’s ***Parks & Programs Guide***,

currently available in most county parks. Summer camp and swim lesson information is also available online at www.MonmouthCountyParks.com.

For more information about the Park System or to receive a copy of the ***Summer Camps & Swim Lessons*** issue of the ***Parks & Programs Guide***, please visit www.MonmouthCountyParks.com or call 732-842-4000. For persons with hearing impairment, the TTY/TDD number is 711. The Monmouth County Park System, created in 1960 by the Monmouth County Board of Chosen Freeholders, is Monmouth County's Open Space, Parks and Recreation agency.
