

Join in the Summer Fun at the Manasquan Reservoir!

*Summer Camps are still available at this beautiful Park System site!
Offer your child a fun and exciting camp that explores nature & science!*

NEW Bugs & Beyond!

(entering grades 1-2)

Go to infinity and beyond exploring the mysterious world of insects and their buggy friends. From six to eight legged, winged or non-winged, native or alien, this week we will cover them all! Meet live insects from exotic locations, travel like a Honey Bee, and discover how insects transform as they grow. Buzz on over for a fun-filled week!

Five 6-Hr Sessions \$190.00 Per Child

Manasquan Res Env Ctr

Mon-Fri, Jul 28-Aug 1 9:00 AM-3:00 PM I1243A

NEW Far Out Sightings

(entering grades 3-4)

Loch Ness has nothing on the Manasquan Reservoir! Have you heard of Manny the Manasquan Monster? Has Sasquatch been sighted around the Environmental Center? Spend a fun-filled week searching for creatures of myths and legends. Find out more about these and other mythical creatures and compare them to existing animals for some explanation of these legends.

Five 6-Hr Sessions \$190.00 Per Child

Manasquan Res Env Ctr

Mon-Fri, Jul 14-18 9:00 AM-3:00 PM..... I1543A

Camp Din-O-Mite

(entering grades 4-5)

This specialty camp is for children interested to learn and discover the world of paleontology. We will unveil the mystery of dinosaurs by going on a field expedition to a fossil bed where we will excavate and identify real fossils. Next we'll clean and preserve our found treasures. This camp is packed with exciting hands-on activities for your little paleontologists!

Five 6-Hr Sessions \$215.00 Per Child

Manasquan Res Vis Ctr

Mon-Fri, Aug 4-8 8:30 AM-2:30 PM..... IMA43A

NEW Fish Out of Water

(entering grades 1-2)

The Manasquan Reservoir isn't just filled with water, it's also filled with fun! Discover the excitement of life underwater and on the shores of this wonderfully wet environment. Search for majestic Bald Eagles in the sky, skim the wetlands for tiny aquatic critters, and be ready for lots of water filled games and adventures!

Five 6-Hr Sessions \$190.00 Per Child

Manasquan Res Env Ctr

Mon-Fri, Aug 18-22 9:00 AM-3:00 PM I1643A

Explorers Club

(entering grades 5-8)

Exploration, travel and adventure are in store for you during this week-long nature experience. Explore woods, wetlands and rivers in search of wildlife and fossils. Test yourself on the challenge course at Thompson Park. Experience the adventure of learning the survival and life skills of the Native Lenape. Build a working volcano! This is just a taste of our exciting week, so come join the adventure.

Five 7-Hr Sessions \$210.00 Per Child

Manasquan Res Env Ctr

Mon-Fri, Jul 7-11 9:00 AM-4:00 PM..... I2243A

Girl Power

(entering grades 5-7)

Welcome to the world of fun and endless possibilities! This week will go by very fast, and each girl will remember it forever! We will learn about the power girls have to help and change the environment; we will challenge ourselves to be stronger and more independent as we learn important survival skills and grow together in a girl supportive atmosphere.

Five 5-Hr Sessions \$200.00 Per Person

Mon-Fri, Jul 14-18 9:00 AM-3:00 PM..... I1443A

Lakeside Nature Camp

(entering grades 6-7)

This summer let your child soak up the sun and discover the great outdoors of our lake. Campers will explore the natural world of the reservoir enjoying hiking, fishing, kayaking, bicycling and creative projects that focus on animal life and ecology. Campers need to be comfortable in a pool since we will be doing some swimming. Are you ready to get wet?

Five 6-Hr Sessions \$250.00 Per Person

Mon-Fri, Jul 14-18 8:30 AM-2:30 PM.....IM943A

Mad Science Summer Camps

(entering grades 2-5)

Don't stop learning because the school year is over. Mad Science fuses experiments, take-home projects, and hands-on learning. Instructors are from Mad Science of West New Jersey.

Five 3-Hr Sessions \$189.00 Per Person

Mad Machines & Junior Engineers

Whether children enjoy building structures or destroying them, they will be more than satisfied with this summer camp! Mini Mad Science engineers will design and build skyscrapers using simple tools and intricate imaginations. Children will be given the opportunity to work with pulleys, wedges, screws and levers, which they will be using to assemble their own catapults, teaching them to understand the science behind simple machines. Children will maneuver sound-activated robots around an obstacle course, play robot soccer, and even test line-tracking robots during this week-long camp full of (robot and children) hands-on excitement!
