

Spray and Play

(A program for organized groups serving individuals with special needs)

Having problems finding an appropriate class trip or camp outing? Spray and Play is a program available to organized groups serving individuals with special needs. Come to Dorbrook Recreation Area's Sprayground and Challenger Place boundless playground located in Colts Neck. Enjoy an hour and a half in the Sprayground with lots of wet and wacky excitement. The *new* Sprayground (*redesigned in 2016*) combines water fun with the safety of a cushiony surface. Water jets creatively spray from fountains on the ground as well as from other delightful structures. Spray and Play allows special needs groups sole access to the Sprayground facility and is closed to the public during that time frame. Come join us for the new rage of the summer. Your group can also visit Challenger Place, the first Boundless Playground in the state of New Jersey, designed for children of all abilities. Challenger Place Playground cannot be reserved for use by groups and will be shared with the general public. Have a picnic or play some games. This is a field trip you will not forget!!

PLEASE MAKE NOTE OF OUR SCHEDULE
