**SPECIFICATIONS FOR THE FURNISHING AND DELIVERY OF  
IRRIGATION AND PUMPING EQUIPMENT SERVICES AND REPAIR PARTS TO THE  
MONMOUTH COUNTY BOARD OF RECREATION COMMISSIONERS,  
LINCROFT, NEW JERSEY 07738**

**SCOPE:**

It shall be the purpose of this contract to make available to the Monmouth County Park System authorized sources for the procurement of IRRIGATION AND PUMPING EQUIPMENT SERVICES AND REPAIR PARTS as specified herein. The scope of service work includes maintaining, servicing, and repairing the total irrigation systems, including sprinkler heads and valves, satellite controllers, wiring and communication equipment, computer central controls, irrigation pumps and controls, and ancillary equipment, as required and directed by the Park System.

**PROPOSAL:**

The attached proposal must be submitted in order for bidders to be considered. Bidders currently supplying the Monmouth County Park System must reapply on this proposal. The Purchasing Committee reserves the right to accept or reject any or all bids, and to award in the manner deemed to be in the best interest of the Park System.

**METHOD OF AWARD:**

Award of this contract shall be based on the lowest hourly labor rate and the lowest percentage discount on parts for golf course irrigation equipment service and repair parts. In order to determine the lowest qualified bidder, the following formula shall be used:

**Labor** is estimated to be approximately 30% of the contract. To arrive at this number, the proposed hourly labor rate (Item #1) will be multiplied by 80, which is estimated to be the number of hours of service that may be required under the contract.

For example, if the proposed hourly labor rate (Item #1) is \$105.00 per hour:

$$\begin{array}{r} \$105.00 - \text{proposed hourly labor rate (Item \#1)} \\ \times \quad 80.00 - \text{estimated number of hours of labor} \\ \hline \$8,400.00 - \text{labor bid} \end{array}$$

**Parts** are estimated to be approximately 70% of the contract. To arrive at this number, the estimated list price for parts that may be required under the contract (\$37,000) will be multiplied by the proposed percentage discount on parts (Item #2) to determine the discount amount. The discount amount will then be subtracted from \$37,000.00 to arrive at the parts bid.

For example, if the proposed discount on parts (Item 2) is 40%:

$$\begin{array}{r} \$37,000.00 - \text{estimated list price for parts} \\ \times \quad .40 - \text{percent discount} \\ \hline \$14,800.00 - \text{discount amount} \end{array}$$

then, \$37,000.00 – estimated list price for parts

$$\begin{array}{r} - \$14,800.00 - \text{discount amount} \\ \hline \$22,200.00 - \text{parts bid} \end{array}$$

**Amount of Contract** would then be calculated by adding the labor bid and the parts bid together.

For example:

$$\begin{array}{r} \$8,400.00 - \text{labor bid} \\ + \$22,200.00 - \text{parts bid} \\ \hline \$30,600.00 - \text{bidder's total amount of proposal for the purposes of award} \end{array}$$

**ESTIMATED CONTRACT AMOUNT:** \$31,000.00

### PERIOD OF CONTRACT:

The original contract period shall be for one (1) year beginning from the date of award to December 31, 2013. The contract shall not bind, nor purport to bind, the Park System for any contractual commitment in excess of the original contract period.

The Park System shall have the right, at its sole option, to extend the contract for one (1) additional one-year period (1/1/2014 – 12/31/2014). This is an open-end contract. The goods and/or services are on-call if and when needed. The quantities and dollar amounts bid are estimates. The Park System reserves the right to increase quantities using unit prices or total dollar amount by up to 20% or decrease quantities or total dollar amount by up to 100%.

Should the contractor dispose of his business during the contract period, it is understood and agreed that all obligations will be transferred to the new owner(s), who will be required to submit a proposal in accordance with the requirements set forth herein.
