2.3.8. Indemnification

The vendor hereby agrees to indemnify and hold harmless the Board of Recreation Commissioners and the County of Monmouth, their agents, servants, and employees from and against all loss, damage, claims, actions, liability and expense, in connection with the loss of life, bodily injury, and/or property damage, if occasioned in whole or in part by any negligent act or omission of the professional or the professional's agent's, servants, employees, and subcontractors limited to services performed under the terms and conditions of this contract. Either party may demand such mediation by written notice of the other party. The written notice shall contain at least (a) a brief statement of the nature of the dispute, and (b) the name, address, and phone number of that party's designated representative for the purposes of mediation. The other party shall designate its representative for mediation in writing no later than five business days after receipt of the demand for mediation. The respective designees shall thereupon, and promptly, with due regard for the need for timely action, choose a mediator. If the parties cannot agree on a mediator, or if they prefer, they shall choose a reputable mediation firm. Any mediation firm so chosen shall present a list of at least five proposed mediators to the parties and shall provide the parties with a summary of each person's qualifications to serve as the mediator. Each party shall rank the proposed mediators in order of preference.

The fifth person on each list will be excluded from further consideration. The chosen mediator shall be the person who is the combined highest-ranking mediator on both preference lists excluding the fifth person on each list. In the event of a tie, the mediator shall be chosen by lot. The parties will not be bound by the Rules of Evidence in presenting the positions before the mediator.

The mediation shall be conducted in such reasonable and efficient manner as may be agreed between the parties and the mediator or, the lack of such an agreement, as may be determined by the mediator.

Each party will bear its own costs of participation in mediation, and they will divide the costs of the mediations equally.

If, after a good faith effort to resolve the dispute through mediation, the dispute is not resolved, either party may terminate the mediation by written notice to the mediator and to the other party, whereupon either party may submit the dispute to the Superior Court of New Jersey, Monmouth County, for adjudication, which Court shall have exclusive original jurisdiction over the dispute.

2.5. Multiple Proposals Not Accepted

More than one proposal from an individual, a firm or partnership, a corporation or association under the same or different names shall not be considered.

2.6. Failure to Enter Contract

Should the vendor, to whom the contract is awarded, fail to enter into a contract within ten (10) days, Sundays and holidays excepted, the owner may then, at its option, accept the proposal of another vendor.

2.7. Commencement of Work

The vendor agrees to commence work after receipt of a Purchase Order and upon notice from the using department to proceed.

2.8. Termination of Contract

If, through any cause, the vendor shall fail to fulfill in a timely and proper manner obligations under the Contract if the vendor violates any requirements of the Contract, the owner shall thereupon have the right to terminate the Contract by giving written notice to the vendor of such termination at least 30 days prior to the proposed effective date of the termination. - A. The Highest and Best use of the property as if Vacant and Improved.

- B. If the existing and/or legal use is not the premise on which valuation is based, the appraisal shall contain an explanation that the property is available and adaptable for a different Highest and Best Use and there is a demand for that use in the market.
- C. In a partial taking, the appraiser shall state the specific Highest and Best Use of the property before acquisition and the Highest and Best Use of the remainder.

APPRAISAL PROCESS AND DOCUMENTATION

- A. In a partial taking in the hypothetical condition, the remainder shall conform to the current zoning and the Before and After method of valuation shall be used to value the entirety, the remainder and the partial taking. These values shall be based on the premise that there are no damages to the remainder resulting from the partial taking, unless otherwise directed by the Park System. The value for a partial taking shall be of land only. Improvements shall not to be taken into consideration, as improvements will remain in the landowner's ownership on the remainder. Where the partial taking is deemed to have limited or no development potential as a stand-alone lot, its contributory value shall be established as a portion of the Before value of the entirety. In such a case, the value of the remainder lot, plus the value of the partial taking shall equal the value of the entirety.

If the partial taking is deemed to potentially be a stand-alone, developable lot, a statement to this effect shall be made by the appraiser in the report. If the appraiser confirms the development potential of the partial taking with a municipal zoning officer, the zoning officer's name, title, and date of the conversation shall be provided in the appraisal report. If the partial taking does not conform to current zoning requirements, the appraiser shall discuss the points of non-conformance and mention the need for a zoning variance and the likelihood of obtaining same, if known. For a partial taking, at least five (5) vacant, unimproved land sales shall be used in the valuation.

- B. The appraisal shall define all three (3) approaches to value and shall include all applicable approaches to value. If an approach is not considered applicable, the appraiser shall state why in the report. All pertinent calculations used in developing the approaches shall be shown.
- C. Where the Cost Approach is utilized; the appraisal shall note the specific source of Cost Data and an explanation of each type of accrued depreciation.
 - 1. At least five (5) comparable land sales presented in a sales grid for comparison and analysis.
 - 2. Structure value shall be determined through the Marshall Valuation Service, and/or Marshall & Swift, etc. for the estimated replacement cost and depreciation and shown in the report.
 - 3. **For County insurance purposes, the appraisal report shall provide the replacement value of all structures, even if the Cost Approach is determined by the appraiser not to be applicable to the highest and best use value conclusion for the property.**
- D. **In the Sales Comparison Approach, the appraiser shall always consider comparable sales within the immediate vicinity and the same market area as the subject property. The appraisal report shall contain a direct comparison of pertinent comparable sales to the subject property and a statement setting forth the analysis and reasoning supporting each item of adjustment.**
 - 1. At least five (5) comparable sales shall be **considered and** recited in the report.
 - 2. In relation to each comparable sale the appraiser shall state:
 - a. Sale price.
 - b. The date of sale including Deed Book, Deed Page and recording date.
 - c. Grantor/Grantee.
 - d. Consideration.
 - e. Financing – parties, rate amount and terms.

- f. Conditions of sale.
 - g. Location – block, lot, street address, municipality, county.
 - h. Total area.
 - i. Types of improvements, if applicable.
 - j. Zoning – use and area requirements.
 - k. Highest and Best Use at the date of sale.
 - l. Person or agency with whom sales information was verified.
 - m. Other pertinent analysis and evaluation data (i.e. utilities, easements, etc.).
 - n. Narrative explanation of each item of adjustment.
3. A grid of comparable sales indicating categorical adjustments shall be included. It is recommended that, if total categorical adjustments exceed 40-50% for a comparable sale, that it be replaced with another comparable sale that will require less total categorical adjustment due to greater market similarities to the subject property.
 4. The appraiser must verify the financing and conditions of sale from the usual sources, such as buyer, seller, broker, attorney. Sales to non-profit groups must be verified with the Grantee to determine the zoning utilized or other special appraisal scenarios that would affect value.
 5. Pertinent comparable sales data shall include identified photographs of the comparable sale.
 6. All comparable sales shall be personally inspected in the field by the appraiser.
 7. Tax map depiction of each comparable sale is to be included.
 8. Value conclusion shall be shown as the value of the entirety or, if applicable, value of the portion of the property being appraised, and shall also be shown on a per acre basis for all land values.
- E. Where the Income Approach is used, the appraisal report shall be documented to support the income, expenses, interest rate, remaining economic life and capitalization rate.
1. Economic rent will be supported by comparable leases.
 2. Comparable lease location map and photos must be included.
 3. When it is determined that the economic rental income is different from the existing or contract income, the increase or decrease shall be explained and supported by market information.
 4. When estimating the value of a leased fee estate or a leasehold estate, consider and analyze the effect on value, if any, of the terms and conditions of the lease.
- F. Where two or more of the approaches to value are used, the appraisal shall show the correlation of the separate indications of value derived by each approach as well as a reasonable explanation for the final conclusion of value.

NOTE: As the County of Monmouth is a condemning authority, there is a possibility the appraiser may be asked to appear before a condemnation panel or court to support the estimate of fair market value. For this reason, the appraiser is strongly encouraged to support all statements made in the appraisal regarding market trends and resultant impacts to value through the use of footnotes and by listing all sources. Generalizations and unsupported statements should be avoided. Along with this, all calculations should be clearly explained and illustrated for ease of understanding.

Also, prior land sales to the County of Monmouth and to all other Government entities transactions should not be used as comparable sales in the appraisal as County and Government entities have the right of Eminent Domain, which may impact value. However, as a last resort, when no other private comparable sales are available, and with the prior approval of the contracting agency (MCPS), sales to government agencies and/or nonprofit groups may be used but must be verified with the Grantee to determine the zoning utilized, as well as any other special appraisal scenarios, that would affect value.

Be aware that the appraisal will become a “public record” and may be subject to review through an Open Public Records Act (OPRA) request by either the public or the press. (ii) A contractor or subcontractor who fails to provide proof of business registration or provides false business registration information shall be liable to a penalty of \$25 for each day of violation, not to exceed \$50,000 for each business registration not properly provided or maintained under a contract with a contracting agency. Information on the law and its requirements is available by calling (609) 292-9292.

9) Annual Campaign Contribution Disclosure Requirements. Pursuant to N.J.S.A.19:44A-20.27, Any business entity making a contribution of money or any other thing of value, including an in-kind contribution, or pledge to make a contribution of any kind to a candidate for or the holder of any public office having ultimate responsibility for the awarding of public contracts, or to a political party committee, legislative leadership committee, political committee or continuing political committee, which has received in any calendar year \$50,000 or more in the aggregate through agreements or contracts with a public entity, shall file an annual disclosure statement with the New Jersey Election Law Enforcement Commission, established pursuant to section 5 of P.L.1973, c.83 (C.19:44A-5), setting forth all such contributions made by the business entity during the 12 months prior to the reporting deadline.

10) Incorporation of Bid Specifications. The specific duties of the Contractor shall be as set forth in the Bid, Contract Documents which is incorporated in its entirety and made a part of this Agreement and attached hereto as Exhibit "XX". Should there occur a conflict between the description of the scope of work set forth in this Agreement and the Bid, this Agreement shall prevail.

The Contractor agrees that it has or will comply with, and where applicable shall continue throughout the period of this Agreement to comply with, all of the requirements of the Bid.

11) "Or Equal" Substitutions. Whenever these specifications identify a brand name, trade name or a manufacturer's name, this designation is used for classification or descriptive purposes only, and the bidder may substitute an equal product, subject to the approval of the Board.

- 12) Governing Law. This Agreement shall be governed by and construed in accordance with laws of the State of New Jersey.
- 13) Severability. In the event that a court of competent jurisdiction finds any term or clause in this Agreement to be invalid, unenforceable, or illegal, the same will not have an impact on other terms or clauses in the Agreement or the entire Agreement. Rather, such term or clause shall be regarded as stricken while the remainder of this Agreement shall continue to be in full effect. Such invalid, unenforceable, or illegal term or clause may be revised to the extent required to render the Agreement enforceable or valid, and the rights and responsibilities of the parties shall be interpreted and enforced accordingly, so as to preserve their agreement and intent to the fullest possible extent.
- 14) Compliance with Applicable Law. The Contractor shall, and shall cause all subcontractors to, perform in accordance with Applicable Law. The Contractor shall provide all notices, reports, and submissions required by Applicable Law. In the event that revisions in laws, rules, regulations, or other Applicable Law requires changes to the Contractor's performance under the Agreement, the Contractor shall comport with these updated requirements of Applicable Law.
- "Applicable Law" means any law, rule, regulation, requirement, guideline, action, determination, or order of, or legal entitlement issued or deemed to be issued by, any federal, state, or local agency, court or other governmental body having jurisdiction, applicable from time-to-time regarding any transaction or matter contemplated by this Agreement.
- 15) No Third-Party Beneficiaries. Nothing in this Agreement is intended to confer on any person other than the parties hereto and their respective permitted successors and assigns hereunder any rights or remedies under or by reason of this Agreement.
- 16) No Waivers. No action of the Board or Contractor pursuant to this Agreement (including, but not limited to, any investigation or payment), and no failure to act, shall constitute a waiver by either party of the other party's obligation to comply with any term or provision of this Agreement. No course of dealing or delay by the Board or Contractor in exercising any right, power or remedy under this Agreement shall operate as a waiver thereof or otherwise prejudice such party's rights, powers, and remedies.
- 17) No Consequential or Punitive Damages. In no event shall either party hereto be liable to the other or obligated in any manner to pay to the other any special, incidental, consequential, punitive, or similar damages (but not actual or direct damages) based upon claims arising out of or in connection with the performance or non-performance of its obligations or otherwise under this Agreement, whether such claims are based upon contract, tort, negligence, warranty, or other legal theory. The waiver of the foregoing damages applies only to disputes and claims as between the Board and the Contractor. Nothing in this paragraph shall limit the obligation of the Contractor to indemnify, defend and hold harmless the Board Indemnified Parties for any special, incidental, consequential, punitive, or similar damages payable to third parties resulting from any act or circumstance for which the Contractor is obligated to indemnify the County Indemnified Parties in accordance with and to the extent provided hereunder.
- 18) Forum for Litigation. It is the express intention of the parties that all legal actions and proceedings related to this Agreement or to any rights or any relationship between the parties arising therefrom shall be commenced before the Superior Court of New Jersey, venued in Monmouth County; provided, however, that when circumstances allow for federal jurisdiction (based on diversity of citizenship or otherwise), such legal actions and proceedings may be maintained in federal court having jurisdiction over the Board. The Contractor irrevocably consents to the jurisdiction of such courts in any such actions or proceedings, and the Contractor waives any objection it may have to the laying of the jurisdiction of any such action or proceeding.

- 19) Assignment. This Agreement is not assignable or transferrable to any party other than the Contractor without the express written permission of the Board, which may be withheld in the Board's sole discretion for any reason, or for no reason at all. This restriction includes changes in ownership of the Contractor that exceed fifty percent (50%) of the equity or other applicable interests held and disclosed at the time of entry into this Agreement. Any such approval given in one instance shall not relieve the assigning party of its obligation to obtain the prior written approval of the other party to any further assignment. The approval of any assignment shall not operate to release either party from any of its obligations under this Agreement unless the written approval specifically provides otherwise. Any assignment of this Agreement shall require the assignee to assume the performance of and observe all obligations, representations, and warranties of the assigning party under this Agreement.
- 20) Amendments. Neither this Agreement nor any provision hereof may be changed, modified, amended, or waived except by written agreement duly executed by both parties.
- 21) Drafting Responsibility. Neither party shall be held to a higher standard than the other party in the interpretation or enforcement of this Agreement as a whole or any portion hereof as a result of having assumed primary drafting responsibility of this Agreement.
- 22) Acceptance of Final Payment. Acceptance of the final payment by the Contractor shall be considered a release in full of all claims against the Board arising out of, or by reason of, the work performed, and materials furnished under the Agreement.
- 23) Set-Off. Should Contractor either refuse or neglect to perform the service which Contractor is required to perform in accordance with the terms of this Agreement, and if expense is incurred by the Board by reason of Contractor's failure to perform, then and in that event, such expense shall be deducted from any payment due to Contractor. Exercise of such set-off shall not operate to prevent the Board from pursuing any other remedy to which it may be entitled.
- 24) This Agreement may be terminated as follows:
 - a. If Contractor is required to be licensed in order to perform the services which are the subject of this Agreement, then this Agreement may be terminated by the Board in the event that the appropriate governmental entity with jurisdiction has instituted an action to have the Contractor's license suspended or in the event that such entity has revoked or suspended said license. Notice of termination pursuant to this subparagraph shall be effective immediately upon the giving of said notice.
 - b. If, through any cause, the Contractor, where applicable, shall fail to fulfill in timely and proper manner its obligations under this Agreement, or if the Contractor shall violate any of the covenants, agreements, or stipulations of this Agreement, the Board shall thereupon have the right to terminate this Agreement by giving written notice to the Contractor of such termination and specifying the effective date thereof. In such event, all finished or unfinished documents, data, studies, and reports prepared by the Contractor under this Agreement, shall be forthwith delivered to the Board.
 - c. Bankruptcy or insolvency of the Contractor; sale of the business of the Contractor, or death or permanent disability of the Contractor in the event the Contractor is an individual.
 - d. Should the Board default in the performance of this Agreement or materially breach any of its provisions, which remain uncured after thirty (30) days after notice is given to the Board, the Contractor may terminate this Agreement, unless the Board is prevented from performing this Agreement by circumstances beyond its control. In that instance, any obligations owing by the Board to the Contractor shall be suspended without liability for the period during which the Board is so prevented.

- e. Should the Board fail to pay Contractor all or any part of the compensation earned for services rendered within sixty (60) days after the date due, the Contractor may at its option, terminate this Agreement.
 - f. Notwithstanding the above, the Contractor, where applicable, shall not be relieved of liability to the Board for damages sustained by the Board by virtue of any breach of the Agreement by the Contractor, and the Board may withhold any payments to the Contractor for the purpose of set off until such time as the exact amount of damages due to the Board from the Contractor is determined.
 - g. Termination shall not operate to affect the validity of the indemnification provisions of this Agreement.
- 25) Insurance Coverage. The Contractor shall obtain, pay for, and maintain the insurance coverages listed in paragraphs (a) through (e) below with respect to performance of the Agreement. The Contractor shall be responsible for premiums, fees and other costs associated with obtaining and maintaining such required insurance, and the Board shall have no obligation to reimburse the Contractor therefore. The Board reserves the right to waive or modify the below requirements, if appropriate.
- (a) Statutory workers compensation insurance required to be held by any State or Federal law, including other states coverage, and employers liability coverage with limits of \$500,000 each accident, \$500,000 each employee and \$500,000 aggregate for disease;

To the extent permitted by Applicable Law, and by the insurance policies, each party shall waive the subrogation rights of its various insurance carriers in favor of the other party.

Insurance Certificates. Insurance, and any renewals thereof, shall be evidenced by certificates of insurance issued or countersigned by a duly authorized representative of the issuer and delivered to the Board for its approval.

Notices. Each insurance policy shall be endorsed to require 45 days written notice to the Board of cancellation, or intent not to renew by the insurance company.

Non-Recourse Provision. All insurance policies shall provide that the insurers shall have no recourse against the Additional Insured for payment of any premium or assessment and shall contain a severability of interest provision in regard to mutual coverage liability policies. The coverages provided by mutual coverage liability insurance policies required hereunder shall be the primary source of any restitution or other recovery for any injuries to or death of persons or loss or damage to property incurred as a result of an action or inaction of the Contractor or its subcontractors, of their respective suppliers, employees, agents, representatives, or invitees, that fall within these coverages and also within the coverages of any liability insurance or self-insurance program maintained by the Board.

Subcontractors. The Contractor shall be responsible for ensuring that all subcontractors that are providing contract services secure and maintain all insurance coverages (including workers' compensation insurance) and other financial sureties required by New Jersey law in connection with their presence and the performance of their duties at or concerning the providing of contract services.

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender identity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality, or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. EXHIBIT C

AMERICANS WITH DISABILITIES ACT OF 1990 Equal Opportunity for Individuals with Disability

The contractor and the County of Monmouth, (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (*42 U.S.C. §12101 et seq.*), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner shall* expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.
