3. Upon request by the Monmouth County Engineer, separate metes and bounds descriptions of additional right-of-way shall be prepared for either an adjoining County bridge or County road, or both, at no additional charge.
4. The surveyor shall prepare on company letterhead a separate metes and bounds description pursuant to the survey of the property and with reference to the information contained on the plan of survey. This description is to agree with the results of the survey from which it is written in every detail, and for this reason, the description shall not include any information that does not appear graphically or in a factual note on the survey plan. The metes and bounds description shall not be produced on the plan of survey but shall consist of a separate document. The date of the survey and the latest revision date shall be shown on the description and shall correspond to the dates shown on the survey. The overall area of the property shall be given in square feet as well as to the thousandth of an acre. (MCPS always requires area given to three (3) decimal places. This supersedes Green Acres specification 3.5.3.9).
5. In the heading of the Metes & Bounds Description all tax lots that are designated "Farm Qualified" by the local Tax Assessor shall include the "Q" designation with the lot number to ensure recording of the Deed by the County Clerk.

E. MONUMENTS

1. Surveyor shall install zero (0) 4"x 4" x 6"x 6" x 30", 60-lb. County of Monmouth survey monuments and zero (0) capped iron pins as supplied, at points specified by the Monmouth County Park System. Each monument shall be numbered by stamping the brass monument cap at time of installation as directed by the Monmouth County Park System with installed monuments to be identified by corresponding number on the survey. All monumentation, existing and installed, shall be shown, and identified on the preliminary and final survey plat. Each course of the preliminary and final legal description shall call-out to all existing and installed monuments and identify the installed monuments by the number stamped on the brass cap, and as shown on the final survey plat. Installation and pick-up costs for these monuments shall be included in the overall survey cost. A per unit installation fee for any additional monuments shall be indicated on the Proposal Page, as well as a per unit deletion fee for any monuments not installed from the above amount. Surveyor shall mark each monument and/or iron pin set or found with a wooden witness lath no less than three (3) feet in length driven into the ground next to the monument or iron pin. This lath shall have a length of fluorescent surveyor's tape tied to the top to increase visibility and aid in locating monuments later. Either an existing or installed County of Monmouth monument shall mark the Point of Beginning, with this monument stamped #1.

To indicate the casting and stamping of each County of Monmouth monument, a detailed enlargement, not necessarily drawn to scale, shall be depicted on the survey plan. Each monument set in the field shall be stamped with the monument number. A copy of the County of Monmouth cap detail is attached.

The elevation above sea level referencing the North American Vertical Datum of 1988 (NAVD88) shall be stamped in the appropriate space on the brass cap of the monument installed at the Point of Beginning (Monument #1). Elevations of all other brass cap monuments shall be tabulated to include monument number and corresponding elevation and appear on the survey plat. Elevation shall be shown to the hundredth of a foot, or two (2) decimal places.

2. If County of Monmouth monuments cannot be installed during the time it takes to complete the survey, all on-the-ground angle points shall be permanently secured with an iron bar or pipe which shall be topped with a plastic cap bearing name and address of the survey company so concrete monuments may be installed later with all the (installed) monuments to be shown on the final survey and called out in the legal description and identified by number stamped on the brass cap. In the event concrete monuments cannot be installed when the property is being surveyed (due to physical constraints or monuments found), payment equal to the number of monuments to be installed multiplied by the "Per Monument Installation Cost" shall be held back until monuments can be installed.

F. DIGITAL FILES

1. Three (3) digital survey files shall be submitted on one (1) standard USB (Flash) Drive and/or CD-R compact disc that can be read by any CD-ROM with these files not to be compressed or zipped in any way. One (1) file shall be a digital file in AutoCAD .dwg format containing the full survey drawing. This drawing must be created at its real New Jersey State Plane Coordinate System, Map Datum NAD1983 position and the view shall be unrotated from the coordinate system so that the NJSPCS NORTH points orthographically vertical in the screen.

One (1) file shall be a .dxf format **single layer** digital drawing containing the closed line polygon of the perimeter survey lines and certain other lines that are internal to the survey. Specifically, internal lines shall include public road or other public right-of-way lines, survey exception area lines, new survey tract lines created by this survey, funding participation limit lines, internal navigable or tidal water edge or mean high water lines, survey tie lines, New Jersey Tidelands Claims lines, clouded title lines, overlapping deed lines from adjoining deeds, or limit lines of new conservation or public access easements being created by this project.

This .dxf file shall not be a complete drawing file of the survey and shall contain no text. This file shall be created at its real New Jersey Plane Coordinate System NAD1983 position and the view shall be unrotated from the coordinate system so that the NJSPCS NORTH points orthographically vertical in the screen. The polygon shall be created from the coordinate geometry of its survey point of beginning through the final course of survey and terminus point.

To provide a uniform method of closure without degrading the quality of bearings used, enter the radial error of closure as a final closing arc between the survey point of beginning and the survey point of ending. Add this additional course by inverting from the point of ending to the point of beginning as a final course.

One (1) file shall be a full-sized digital PDF copy of the plan signed and sealed by the surveyor. This drawing need not be created at its real New Jersey State Plane Coordinates NAD 1983.

G. AWARD OF CONTRACT

1. Award of contract shall be based on lowest price submitted and other considerations. The Park System reserves the right to reject and not evaluate any applications from a surveyor who is currently late in performing previously assigned survey work for the Park System.

H. SURVEY DELIVERABLES

1. Three (3) preliminary prints of the survey plat and three (3) copies of the preliminary metes and bounds description shall be furnished for Park System review and approval before printing of the final survey. Preliminary print must show all encroachments and easements in detail, in accordance with the specifications.
2. For Green Acres Program projects only, upon review and approval by the Park System of the preliminary survey and preliminary metes and bounds description, the following shall be submitted to the Park System for Green Acres Program review and approval:

If the Professional breaches this provision, the Board has the right, in its discretion, (a) to annul this Agreement without further liability to the Professional or (b) to reduce the amount payable to the Professional under the Agreement by an amount equal to the commission, percentage, brokerage or contingent fee. If the latter option is chosen by the Board, the Professional will refund any overpayment, that is, if the revised remaining balance due under the Agreement is insufficient to offset the reduction.
11. Multi-Year Contracts. If the contract period extends beyond the Board's current budget year, the Agreement shall be subject to the availability and appropriation annually of sufficient funds in any subsequent year(s).
12. Insurance: For the duration of this Agreement, the Professional will procure and maintain insurance, at the Professional's expense, provided by insurance companies authorized to do business in the State of New Jersey, covering all services performed under this Agreement by the Professional or the Professional's subcontractors, as follows:

The certificate for Public Liability/Property Damage and Business/Personal Automobile coverage shall name the County of Monmouth as additional insured. The County of Monmouth shall not be named as additional insured on the certificates covering Workers' Compensation Insurance and Professional Liability Insurance. The certificates will provide that the policies will not be changed or cancelled without at least 15 days written notice to the Board. If any coverage expires, is cancelled or is replaced during the period of which proof of insurance is required under this Agreement, a renewal or replacement certificate will be provided to the Board prior to the expiration, cancellation or replacement of coverage. If any coverage expires, is cancelled or is replaced before proof of renewal or replacement coverage is provided to the Board, the Professional will immediately cease work under this contract until a proper certificate of insurance is furnished to the Board.

13. Indemnification: The Professional agrees that it will protect, indemnify and hold harmless the County of Monmouth, its Board of Recreation Commissioners, the Monmouth County Board of County Commissioners, Monmouth County Constitutional Officers (Sheriff, County Clerk, Prosecutor and Surrogate), and their respective employees, volunteers, and agents (together, the "County Indemnified Parties"), from and against (and pay the full amount of) all liabilities, obligations, delays, penalties, charges, taxes, fees and costs, deposits, actions, damages, claims, demands, judgments, losses, attorneys' fees, expenses, and suits, and will defend the County Indemnified Parties in any suit, including appeals, for personal injury to, or death of, any person, or loss or damage to property, arising out of (1) actual or alleged negligence, intentional, or wrongful conduct of the Professional or any of its officers, members, employees, agents, representatives, or subcontractors in connection with its obligations or rights under this Agreement, (2) actual or alleged Professional breach, (3) actual or alleged performance or non-performance of the Professional's obligations under this Agreement, or (4) the Professional's actual or alleged failure to pay its workers, suppliers, or subcontractors for labor or materials provided to the Board. The Professional's indemnity obligations hereunder shall not be limited by any coverage exclusions or other provisions in any insurance policy maintained by the Professional which is intended to respond to such events. The Professional's indemnification obligation shall not include claims that are finally determined to result from the sole negligence or willful misconduct of the Board.

A County Indemnified Party shall promptly notify the Professional of the assertion of any claim against it for which it is entitled to be indemnified hereunder, shall give the Professional the opportunity to defend such claim, and shall not settle the claim without the approval of the Professional. The Professional agrees that the County reserves its right to monitor and actively participate in the defense of any and all claims against the County, at its own expense, if, in its sole discretion, the County chooses to do so. These indemnification provisions are for the protection of the County Indemnified Parties only and shall not establish, of themselves, any liability to third parties. The provisions of this Indemnification shall survive termination of this Agreement.

14. Successors and Assigns: This Agreement shall be binding upon the Board and its successors and upon the Professional and the Professional's successors. This Agreement may not be assigned by the Professional without the prior written consent of the Board, which may be withheld in the Board's sole discretion for any reason, or for no reason at all. Any such approval given in one instance shall not relieve the assigning party of its obligation to obtain the prior written approval of the other party to any further assignment. The approval of any assignment shall not operate to release either party from any of its obligations under this Agreement unless the written approval specifically provides otherwise. Any assignment of this Agreement shall require the assignee to assume the performance of and observe all obligations, representations and warranties of the assigning party under this Agreement.

15. Alternate Dispute Resolution (Non-Binding Mediation): If a dispute between the County and the Professional arises during the course of the contract, the parties will participate, in good faith, in non-binding mediation.

Either party may demand such mediation by written notice of the other party. The written notice shall contain at least (a) a brief statement of the nature of the dispute, and (b) the name, address and phone number of that party's designated representative for the purposes of mediation. The other party shall designate its representative for mediation in writing no later than five business days after receipt of the demand for mediation. The respective designees shall thereupon, and

promptly, with due regard for the need for timely action, choose a mediator. If the parties cannot agree on a mediator, or if they prefer, they shall choose a reputable mediation firm. Any mediation firm so chosen shall present a list of at least five proposed mediators to the parties and shall provide the parties with a summary of each person's qualifications to serve as the mediator. Each party shall rank the proposed mediators in order of preference.

The fifth person on each list will be excluded from further consideration. The chosen mediator shall be the person who is the combined highest-ranking mediator on both preference lists excluding the fifth person on each list. In the event of a tie, the mediator shall be chosen by lot.

The parties will not be bound by the Rules of Evidence in presenting the positions before the mediator.

The mediation shall be conducted in such reasonable and efficient manner as may be agreed between the parties and the mediator if possible, or as may be determined by the mediator.

Each party will bear its own costs of participation in mediation and they will divide the costs of the mediations equally.

If, after a good faith effort to resolve the dispute through mediation, the dispute is not resolved, either party may terminate the mediation by written notice to the mediator and to the other party, whereupon either party may submit the dispute to the courts.

16. Forum for Litigation. It is the express intention of the parties that all legal actions and proceedings related to this Agreement or to any rights or any relationship between the parties arising therefrom shall be commenced before the Superior Court of New Jersey, venued in Monmouth County; provided, however, that when circumstances allow for federal jurisdiction (based on diversity of citizenship or otherwise), such legal actions and proceedings may be maintained in federal court having jurisdiction over the Board. The Professional irrevocably consents to the jurisdiction of such courts in any such actions or proceedings, and the Professional waives any objection it may have to the laying of the jurisdiction of any such action or proceeding.

17. Notices. Any notices that are provided pursuant to this Agreement shall be in writing (including facsimile and electronic transmissions) and mailed or transmitted or delivered as follows:

Information on the law and its requirements is available by calling (609) 292-9292.

19. Counterparts. This Agreement may be fully executed in any number of counterparts, each of which shall be deemed to be an original and all of which taken together shall constitute one agreement binding upon all parties, notwithstanding that all parties have not signed the same counterpart. Such executions may be transmitted to the parties electronically or by facsimile, and such electronic or facsimile execution shall have the same force and effect as an original signature.
20. Annual Campaign Contribution Disclosure Requirements. Pursuant to N.J.S.A. 19:44A-20.27, Any business entity making a contribution of money or any other thing of value, including an in-kind contribution, or pledge to make a contribution of any kind to a candidate for or the holder of any public office having ultimate responsibility for the awarding of public contracts, or to a political party committee, legislative leadership committee, political committee or continuing political committee, which has received in any calendar year \$50,000 or more in the aggregate through agreements or contracts with a public entity, shall file an annual disclosure statement with the New Jersey Election Law Enforcement Commission, established pursuant to section 5 of P.L.1973, c.83 (C.19:44A-5), setting forth all such contributions made by the business entity during the 12 months prior to the reporting deadline.
21. Governing Law. This Agreement shall be governed by and construed in accordance with laws of the State of New Jersey.
22. Severability. In the event that a court of competent jurisdiction finds any term or clause in this Agreement to be invalid, unenforceable, or illegal, the same will not have an impact on other terms or clauses in the Agreement or the entire Agreement. Rather, such term or clause shall be regarded as stricken while the remainder of this Agreement shall continue to be in full effect. Such invalid, unenforceable, or illegal term or clause may be revised to the extent required to render the Agreement enforceable or valid, and the rights and responsibilities of the parties shall be interpreted and enforced accordingly, so as to preserve their agreement and intent to the fullest possible extent.
23. Drafting Responsibility. Neither party shall be held to a higher standard than the other party in the interpretation or enforcement of this Agreement as a whole or any portion hereof as a result of having assumed primary drafting responsibility of this Agreement.
24. Compliance with Applicable Law. The Professional shall, and shall cause all subcontractors to, perform in accordance with Applicable Law. The Professional shall provide all notices, reports, and submissions required by Applicable Law. In the event that revisions in laws, rules, regulations, or other Applicable Law require changes to the Professional's performance under the Agreement, the Professional shall comport with these updated requirements of Applicable Law.

“Applicable Law” means any law, rule, regulation, requirement, guideline, action, determination, or order of, or legal entitlement issued or deemed to be issued by, any federal, state or local agency, court or other governmental body having jurisdiction, applicable from time to time regarding any transaction or matter contemplated by this Agreement.
25. No Third-Party Beneficiaries. Nothing in this Agreement is intended to confer on any person other than the parties hereto and their respective permitted successors and assigns hereunder any rights or remedies under or by reason of this Agreement.
26. No Waivers. No action of the Board or Professional pursuant to this Agreement (including, but not limited to, any inspection, investigation, or payment), and no failure to act, shall constitute a waiver by either party of the other party's obligation to comply with any term or provision of this Agreement. No course of dealing or delay by the Board or Professional in exercising any right, power or remedy under this Agreement shall operate as a waiver thereof or otherwise

prejudice such party's rights, powers, and remedies.

27. No Consequential or Punitive Damages. In no event shall either party hereto be liable to the other or obligated in any manner to pay to the other any special, incidental, consequential, punitive or similar damages (but not actual or direct damages) based upon claims arising out of or in connection with the performance or non-performance of its obligations or otherwise under this Agreement, whether such claims are based upon contract, tort, negligence, warranty or other legal theory. The waiver of the foregoing damages applies only to disputes and claims as between the Board and the Professional. Nothing in this paragraph shall limit the obligation of the Professional to indemnify, defend and hold harmless the County Indemnified Parties for any special, incidental, consequential, punitive or similar damages payable to third parties resulting from any act or circumstance for which the Professional is obligated to indemnify the County Indemnified Parties in accordance with and to the extent provided hereunder.

EXHIBIT C

AMERICANS WITH DISABILITIES ACT OF 1990 Equal Opportunity for Individuals with Disability

The contractor and the County of Monmouth, (hereafter "owner") do hereby agree that the provisions of Title 11 of the Americans With Disabilities Act of 1990 (the "Act") (*42 U.S.C. §12101 et seq.*), which prohibits discrimination on the basis of disability by public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that the contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the *owner shall* expeditiously forward or have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.
