SPECIFICATIONS FOR *TEMPORARY USE AND OCCUPANCY OF MONMOUTH COUNTY BOARD OF RECREATION COMMISSIONERS' LAND FOR AGRICULTURAL USE FOR THE YEARS 2015-2016-2017-2018* AT PERRINEVILLE LAKE PARK FROM THE MONMOUTH COUNTY BOARD OF RECREATION COMMISSIONERS, LINCROFT, NEW JERSEY.

SCOPE:

The Temporary Use and Occupancy of Board of Recreation Commissioners' land for agricultural use at the following locations, with approximate acreage:

Perrineville Lake Park East Field #3, Millstone, NJ ----- 58.8 acres

Acreage is indicated on attached map and is approximate. Bids are made on locations, not on acreage. (See Method of Award.)

INSURANCE:

The Farmer shall maintain the following insurance coverage, and provide the Park System a Certificate (ACORD[®]) of same, naming the Monmouth County Park System as the Certificate holder.

A Worker's Compensation and Employer's Liability—covering all of the Farmer's employees engaged in the performance of agricultural use in accordance with the requirements of the laws of the State of New Jersey, including voluntary compensation/all States endorsement.

B General Liability: Bodily injury and property damage, including coverage for: premises / operations; products / completed operations; broad form property damage; independent contractors; blanket contractual and, if applicable, explosion, collapse and underground (XCU). Limits of not less than \$1,000,000 for both bodily injury and property damage are required. A combined single limit of \$1,000,000 is acceptable. The Farmer shall maintain completed operations insurance for at least two years after final payment.

C Comprehensive Automobile Liability: Bodily injury and property damage with limits of not less than \$1,000,000 per person or occurrence. A combined single limit of \$1,000,000 is acceptable. Coverage must include hired and non-owned vehicles. A MCS-90 certificate shall be filed with the State if hazardous materials or waste will be transported during the performance of the work.

D County Additional Insured: The County of Monmouth must be named as additional insured on all policies except the Worker's Compensation policy.

TERMINOLOGY:

For the purpose of these specifications, the Monmouth County Board of Recreation Commissioners, acting on behalf of the County of Monmouth, will be designated as the **Board**, the successful bidder will be designated as the **Farmer**, and the agreement between the Board and the Farmer to use land for agriculture will be known as the **Temporary Use and Occupancy Agreement** (hereinafter referred to as the **U&O**).

ON-SITE MEETING:

After the U&O has been awarded, an on-site meeting between the park area’s manager and the Farmer will be required before any work can begin.

TAXES:

The Farmer shall pay all taxes and assessments, confirmed or unconfirmed, if any, arising out of the temporary use and occupancy of the property for agriculture, for the duration of the U&O. The Board makes no representations regarding any such taxes or the tax status of the available properties.

MINIMUM BID:

The Board shall establish a minimum annual bid for the location for the first three years of the U&O, with 2% increases required for the last year. The minimum annual bid for each location for the first three years is indicated on each proposal page. Bidders may bid higher than the minimum bid for the first three years, but shall not bid lower than the minimum bid. A bid lower than the minimum bid shall be immediately rejected.

BID AND ESCALATOR:

The lease amount due for each U&O will remain the same for the first three years of the lease, 2015-2016-2017. The lease amount due for the U&O will increase by 2% for the last year of the lease. That is, for 2018, the lease amount due will increase by 2% of the 2017 amount.

Here is an example of how to calculate a bid:

For a hypothetical U&O property, the Board establishes a minimum annual bid of \$950.00 for the first three years of the U&O, with 2% increases required in the fourth year. The Farmer proposes to bid \$1,000.00 for each of the first three years. His bid is above the minimum set by the Board for the first three years, and therefore is acceptable.

In the fourth year, he must bid \$1,020.00, which is the 2% increase over the 2017 amount of \$1,000.00. The Farmer’s total lump sum four-year bid would be \$4,020.00, calculated as follows:

<u>Year</u>	<u>Bid</u>
2015	\$1,000.00
2016	\$1,000.00
2017	\$1,000.00
2018	\$1,020.00 (2% increase over 2017)

Total Lump Sum Bid: \$4,020.00

METHOD OF AWARD:

The U&O will be awarded to the bidder offering the **highest four-year total lump sum bid** on the proposal page. Bids for each location shall be made on the total number of available fields specified on the proposal page, not by acreage.

SPECIFICATIONS

A. REQUIREMENTS:

1. The fields available for agricultural use are described in the attached maps for the following:

Perrineville Lake Park East Field #3, Millstone, NJ

2. **The U&O shall be for the period beginning when the U&O is entered into by the Farmer and the Board through 31 December 2018.** The U&O land shall be used for no other purpose than the planting, growing, and harvesting of agricultural crops. Payment for the year 2015 shall be made at the time the U&O is entered into. Payment for the years 2016-2017-2018 shall be made on or before 1 January of each year. For payment amount due, see "BID AND ESCALATOR" (p. 2). Payment shall be made in the form of a certified check or official bank check addressed to and payable to the Monmouth County Board of Recreation Commissioners, 805 Newman Springs Road, Lincroft, NJ 07738.
3. Failure to make the annual payment within 30 days of the specified payment date shall constitute a breach of the U&O, and as a result, the U&O may be terminated by the Board. The Farmer may not claim a loss of existing crops if the Board terminates the U&O for failure to make payment as specified.
4. If the Farmer defaults in the performance of any of the covenants or agreements in the U&O, the Board may terminate the U&O. If the U&O is so terminated, the Board shall and may reenter the premises, and remove all persons and equipment. The Farmer waives the service of any notice in writing of intention to reenter, as may be provided for by any law or statute.
5. The Board may terminate or adjust the U&O for the Board's convenience at any time by giving 90 days written notice to the Farmer of intent to terminate or adjust. Upon such termination or adjustment, the Farmer shall yield immediate possession of the affected areas to the Board. The Board shall become owner of all growing crops remaining on the affected premises on the date of termination or adjustment. If termination or adjustment occurs during a growing season, the Board shall be obliged to pay the Farmer the reasonable value thereof. The County Agriculture Agent shall be designated as the arbitrator and make any determination as to value of planted crops. If the termination or adjustment is effective at the end of a growing season, the Farmer must leave the premises with an approved cover crop, if so required by the Board. The Board will refund to the Farmer a pro-rated amount based on the annual payment made by the Farmer, adjusted to the date of termination or adjustment.
6. All U&O land shall be actively farmed. U&O land may not be put into any type of "land bank", PIK program, set-aside program, or any type of program that pays the Farmer not to farm.
7. The Farmer shall not assign the U&O nor let or sublet the whole or any part of the U&O premises without the written consent of the Board.

8. The Farmer has no authority to give special permission to any individual regarding the use of the U&O land.
9. The Farmer shall not allow the general public to enter the property to harvest or “pick your own,” nor shall the Farmer conduct or allow any on-premises retail sales of any products, whether or not harvested from the property. (See Section C, Item #5.)
10. The park, recreational area, or golf course in which the farmland fields are located will be open and available for use by the general public. It is understood and agreed that the Farmer will not violate the rules and regulation of the Board now existing or hereinafter adopted concerning the visitation and use of the park, recreational area, or golf course by the public.
11. The Farmer agrees to cut no trees, shrubs, or ground cover, and will not make or allow any physical change in the natural conditions of the property without first receiving permission from the Board’s representative during the required on-site meeting prior to beginning work. Such permission will not be unreasonably withheld.
12. The Farmer agrees that Park System personnel may enter into and upon the premises for the purpose of inspecting and the performance of their patrol and maintenance duties of the same and adjoining premises operated by the Board.
13. The Farmer shall have the non-exclusive right to use existing field roads for access to the U&O premises, but there shall be no duty or responsibility on the part of the Board to keep the said roads open or to maintain or keep them in repair. Any and all alterations to be made to the said roads by the Farmer must first be approved by the Board.
14. Access by the Farmer’s vehicles shall be limited to locations designated by the Board. The Farmer shall open, close and secure any gates or barriers upon entering and leaving premises, to prevent unauthorized vehicles from entering property. The Farmer shall at no time block or obstruct gates or access to property to assure access of emergency vehicles at all times.
15. The Farmer shall notify the Board in advance before entering upon the premises when park areas are closed to the public, between dusk and 5:00 a.m.
16. The safe and neat storage of all equipment and supplies related to the farming of the land shall be confined to areas designated by the Board. All equipment and supplies shall be removed from the property during the off-season. Equipment not directly related to the farming practice shall be permanently removed from the property.
17. Portable storage sheds or temporary structures may not be located on the premises.
18. The Farmer shall, at the Farmer’s own expense, pick up and remove daily all litter and debris that are produced as a result of farming.
19. Irrigation from on-site ponds, wells, and streams is prohibited. Irrigation from adjacent streams may be considered if the Farmer:
 - i. Provides a copy of existing current permits to irrigate, or documentation from the agency that controls the water approving the irrigation.
 - ii. Requests permission to irrigate in writing from the Board and receives written approval.

- iii. Buries all pipes, if approval granted, so as not to obstruct Board vehicles on the 30-foot unplowed, unplanted right-of-way around the perimeter of all fields.
20. At the end of each harvest season, the Farmer shall disc under the past year's crop and plant an approved cover crop on all lands farmed. Such cover crop shall be the type meeting current and acceptable agricultural practices, be planted at a minimum of one and a half (1½) bushels per acre, and be an established and actively growing crop before the end of the year. All cover crops shall be sown with a grain drill.
21. Cover crops must be planted within 14 days after harvest of corn and soybeans, and during the months of September/October should a grain crop have been harvested. In lieu of a cover crop, soy bean or corn stubble may be acceptable if the Farmer requests permission in writing from the Board.
22. Varmint trapping will be permitted only in those areas where it is deemed by the Board to be necessary in order to prevent an undue hardship on the Farmer. The Farmer shall not engage in varmint trapping without the expressed written consent of the Board. Any authorized trapping must be in compliance with New Jersey Fish and Game Laws.
23. The use of any type of audible device, such as crow cannons, propane guns, and popguns shall be prohibited. The use of any physical device or barrier, such as balloons, wire, fence, fishing line, and string, intended to discourage nuisance animals must be requested in writing, including a plan or diagram of the proposed device or barrier, in order to be considered by the Board.
24. The Board opens portions of designated county parks for limited hunting of white-tail deer. This action is taken to reduce the number of deer in the county parks. Farmers are referred to the Board's current **Deer Management Program** for further information. The complete Deer Management Report, including the Deer Management Program, is available on the Board's website at www.monmouthcountyparks.com. Farmers can also request that a copy be mailed to them, in the following ways:
 - a. By telephone: 732-842-4000, ext. 4237
 - b. By electronic mail: wildlife@monmouthcountyparks.com
 - c. By mail: Monmouth County Park System
Attn: Public Information Office
805 Newman Springs Road
Lincroft, NJ 07738

Farmers should be familiar with all the terms of the current Deer Management Program, especially where it may impact farmland activity. The Board may set aside small areas of farmland fields in order to provide hunter access and parking during the hunting season. These areas will be discussed at the time of the on-site meeting once the U&O has been awarded. In a Category 2 park area where all public access is prohibited during hunting, the Park System area manager will work with the Farmer to provide access to the Farmer for harvesting, if there is a conflict.

If the Farmer plans to hunt on U&O land that falls within the boundaries of hunting areas, the Farmer must apply to the Board and receive a Deer Hunting Access Permit in the same manner as is required of the general public, and comply with all the

requirements of the current Deer Management Program.

25. Except as stated in the U&O, the Board shall not be responsible for loss of any crops, equipment, supplies and/or materials under any circumstances.
26. The Board may enter the premises for non-intrusive educational purposes, including instructional and research programs in cooperation with other institutions, e.g., the taking of soil samples, and other observations related to the study of agriculture, management of natural resources, and conservation practices.
27. Arrangement to view properties can be made by contacting the Office of the Superintendent of Parks, 732-842-4000 ext. 4300 or ext. 4220.

B. PERIMETER RIGHT-OF-WAY:

1. The Board shall maintain a **30-foot unplowed and unplanted right-of-way around the perimeter of each U&O field. The Board requires the right-of-way because the primary function of county park land is public recreation.** The right-of-way will provide public access for recreation, as well staff and patrol access for the Board. As long as Farmers can co-exist with the parkland's recreational function, U&O farmland will continue. If Farmers cannot abide by this right-of-way requirement, U&O farmland will be terminated or adjusted by the Board for its convenience.
2. The Board shall maintain a **30-foot unplowed and unplanted buffer on each side of paved trails.** The Board shall also maintain a **buffer around roads, parking lots, paved courts, and other recreational facilities as specified on the area maps.** The Farmer's tractor/equipment shall not ride over these trails, courts, roadways, or parking lots, unless approved in advance by the park manager.
3. The Farmer shall not drive, park, or store any vehicles or equipment on any of the 30-foot perimeter right-of-ways or buffers, which must be provided for continuous public access and use, and shall not be rutted or otherwise allowed to develop hazards caused by the Farmer's vehicles or equipment.
4. When using Round-Up-Ready crops, and for all other applications and activities, the Farmer shall not spray Round-Up or any other materials on the 30-foot right-of-way around each field. This 30-foot right-of-way must stay green and growing.
5. The Farmer shall immediately repair any damage to the perimeter right-of-way caused by the Farmer.

C. PERMITTED CROPS AND USE:

1. Unless otherwise indicated in this section, Farmers shall plant only soybeans, field corn, sweet corn, sunflowers, and grain (oats, wheat, barley, or rye). No other crops will be permitted, except as listed below. (See #4.) Failure to comply with this requirement may be grounds for termination of the U&O for cause.
2. Current Farmers should realize that they may not be awarded the contract the next time the U&O is up for bid, and therefore, no perennial plants shall be planted.

D. FERTILIZERS, LIME, AND PESTICIDES:

1. Only commercially manufactured fertilizers may be used. Materials such as manure, leaf compost, stall bedding, sewage sludge, and commercially manufactured organic fertilizer are not permitted.
2. Fertilizers and pesticides shall be applied only under the supervision and control of the Farmer. Application shall be in compliance with all federal, state, and local regulations. The Farmer must possess in his or her own name a New Jersey Pesticide Applicator's License, with a minimum of the Core Certification and 1A Certification for agricultural pest control for plants. Awards will only be made to individuals possessing current certifications. Bidders must submit a copy of their current license and certifications with the bid package. Failure to do so will result in immediate rejection of the bid.
3. All pesticide and herbicide applications shall be done with ground-type equipment. There shall be no aerial spraying of any kind.
4. Fertilizers and pesticides shall not be stored overnight on the premises.
5. The Farmer shall notify the park manager at least 24 hours in advance of the intent to apply any fertilizer, lime, pesticide, or herbicide so that recreational groups can be alerted.
6. Misuse of pesticides, herbicides, or other chemicals will not be tolerated, and will entitle Board to immediately terminate the U&O for cause. This termination shall be without any liability for compensation as set forth in these specifications.
7. The Farmer shall not introduce or harbor pests or noxious species, plant or animal, which may spread and/or displace native plants or animals. Management of the U&O land shall follow an integrated pest management approach as advocated by the County Agricultural Agent.
8. At the end of each growing season, the Farmer may be required to provide soil samples for the purpose of determining the pH of the soil. The County Agricultural Agent shall mediate the acceptable pH, and recommend if the Farmer shall be required to apply lime in order to maintain the proper pH.
9. A record of the type and amount of all pesticides and the date of application shall be maintained by the Farmer, and be made immediately available on request by the Board. The Farmer shall copy and complete the attached form – "Seasonal Pesticide Application Record" – and submit it to the Board at the end of each season.
