

Important Information About Your Paycheck.....

Effective July 1, 2014, new legislation requires direct deposits for New Jersey state, county, county college, municipal and school board employee paychecks.

With Columbia Bank's Free Direct Deposit Service, you eliminate extra trips to the bank to cash or deposit paper checks since your paycheck is electronically deposited into your bank account. Your funds are available on the day you get paid, without having to wait for your check to clear. **It's the safest, most convenient way to receive your pay!**

Even if you have an existing relationship with another bank, you can have all, or any portion, of your payroll direct deposited into a Columbia Bank Totally Free Checking, High Rate Yield Plus Checking or Interest Bearing Statement Savings account.

Enrollment is simple – just contact your Payroll Department and complete a "Direct Deposit Request Form" with your Columbia Bank account number and our routing number (221271935). **Your Payroll Department will process your free enrollment for you!**

Columbia offers several 24/7 options to access your funds – mobile banking, online banking, Phonerlink telephone banking and our ATM network. For teller and drive-up services, our network of 44 full-service branches are conveniently located nearby with most featuring extended service hours.

**If you have any questions,
or need assistance, please call us at
