Give yourself the gift of time every payday with direct deposit

No one likes to wait in line just to deposit a check. With direct deposit, you save yourself a trip to the bank by having your paycheck, Social Security benefit, or even interest and dividend payments automatically deposited into your account.

Direct deposit is:

- **Convenient** – You'll have immediate access to your money without running to the bank to deposit it first – even when you're on vacation, home with a cold, or just too busy to get to the bank. Funds are immediately available for withdrawal through a Wells Fargo ATM or banking location. You can view the deposit online with free access to *Wells Fargo Online*[®] Banking.
- **Reliable** – No matter where you are on payday, your pay is deposited on time.
- **Quick** – Save time by not standing in line to cash or deposit your paper check, and avoid check cashing fees.
- **Secure** – You won't have to worry about lost, stolen, or misplaced checks.
- **Time-tested** – The direct deposit process has been around for more than a quarter of a century and has a proven track record of success.
- **Easy** – It's simple to set up direct deposit. All you need is your account number and routing number, and your employer can do the rest.

With direct deposit, you'll still receive a paper or electronic paycheck notice from your employer, including deductions (e.g., taxes, insurance, etc.) and net pay amount.

Plus, you may be able to have your checking account's monthly service fee waived or discounted with a qualifying direct deposit. Talk to your Wells Fargo banker for details.

To sign up for direct deposit, contact your HR or Payroll department.
