The Monmouth County Fire Academy will be offering:

Truck Company Manpower: It Shouldn't Be a Roll of the Dice

Truck company manpower is a regular discussion in the fire service. How many members do we have? What if we don't have enough manpower, what do they do? This program covers the six primary truck company positions, their tools, and their tasks. The program also covers truck companies that don't have the staffing of six. We break down the priority of the tasks to be completed using the available manpower and how to prioritize operations if staffing is reduced.
