

Monmouth County CRS Assistance Program Mapping Request Checklist

Notes: As a reminder, mapping requests must come from the municipal CRS coordinator. When providing the data requested below, Excel spreadsheet format is preferred but not required. Unless otherwise noted, please provide at a minimum block, lot, address, and ownership of properties.

Activity 370 (Flood Insurance Promotion)

- Insured structures _____

Activity 420 (Open Space Mapping)

- Recreational Open Space Inventory (ROSI) _____
- Deed-restricted properties and type of restriction (ex: conservation easement) _____
- NJDEP Letters of Interpretation (LOIs), wetland mitigation areas _____
- Areas of open land on private property such as golf courses, camps, churches, etc. with letter from owner stating that the area will not be developed _____

Activity 510 (Flood Damage Reduction Activities)

- Repetitive loss properties _____
- Historical claim data for single loss properties _____

In addition to the above, common maps completed for CRS communities by the County CRS Assistance Program include:

- Activity 300 – Map Information Service (various maps)
- Activity 410 – Comparison of Special Flood Hazard Areas
- Activity 440 – Flood Data Maintenance (various maps)
- Activity 610– Flood Warning and Response

**To request maps or discuss CRS mapping needs and ideas for your community please
