Stagecoach Road (CR 524) Safety Improvements Between Old York Road & Saw Mill Pond Road

Public Information Center Notice

Monmouth County, in cooperation with the Townships of Upper Freehold and Millstone, the North Jersey Transportation Planning Authority, the New Jersey Department of Transportation, and the Federal Highway Administration, will be hosting a Public Information Center to inform local residents, officials, businesses and the general public of the status of the Stagecoach Road (CR 524) Safety Improvements Project, between Old York Road & Saw Mill Pond Road.

The goal of this project is to improve roadway and intersection safety along the Stagecoach Road (CR 524) corridor. Key elements of the project include but are not limited to:

- Conversion of five (5) stop-controlled intersections to single-lane roundabouts
- Horizontal Curve safety improvements
- Pavement resurfacing including High Friction Surface Treatment at specific locations
- New signage, raised pavement markers, roadway striping and rumble strips at specific locations
- Upgrade/Replacement of existing roadway lighting at intersections
- Improving roadway drainage through new stormwater collection systems

The purpose of this Public Information Center is to inform the public of the project's purpose and need, design progress to date, and to solicit public input and comments relating to the concepts developed for Stagecoach Road. The meeting will be held in Millstone Township's Wagner Farm Recreation Building on Tuesday, January 13, 2026, from 5 – 7 PM.

The project is currently in the preliminary design phase and is funded for construction through the FHWA's Highway Safety Improvement Program. Attendees will have the opportunity to speak with County engineers and project consultants, ask questions, and provide feedback. This meeting is being conducted in accordance with Federal and State regulations and is open to all members of the public. We encourage your participation and input.
