Monmouth County will be hosting an online Public Information Center meeting to inform local residents, officials, businesses and the general public about the Concept Development Study for the County Route 3 (Tennent Road) from Devon Drive South to Kensington Drive Corridor Improvements Project located in the Township of Manalapan. The meeting and project implementation are in cooperation with the New Jersey Department of Transportation, the North Jersey Transportation Planning Authority, and the Federal Highway Administration.

The purpose of the meeting is to inform the public about the existing conditions within the project corridor and solicit input and comment towards the project's Purpose and Need statement, which will later be used to guide the development of conceptual alternatives and selection of the Preliminary Preferred Alternative (PPA). The Project Team will present existing conditions, discuss deficiencies and constraints within the project limits, and answer questions.

This meeting is being conducted in conformance with Federal and State regulations. All members of the public are invited and encouraged to comment on the study.

Following this meeting, the materials presented will be available at www.TennentRoad.com for review and public comment for 30 days. Written comments will be accepted through September 21, 2024. Comments may be mailed to the Community Involvement Facilitator, Anthony Sytko, Stokes Creative Group, 1666 Route 206, Vincentown, NJ 08088. You may also email them to TennentRoad@gmail.com.

If you have questions regarding the project, please contact:

Robert Strang-Wolf, Monmouth County Project Manager
