Division of Juvenile Detention Alternatives**

(732) 866-3688

Monmouth County Division of Juvenile Detention Alternatives operates a Home Detention/Electronic Monitoring Program that serves juveniles referred by the Monmouth Vicinage, Family Division Judiciary. The County of Monmouth funds the Home Detention Program. The Division of Juvenile Detention Alternatives oversees all youth placed in the continuum of detention alternatives (as listed below). They ensure that the youth appears in court, as well as address program non-compliance. The Division of Juvenile Detention Alternatives is the primary contact for the program directors to notify in the event of non-compliance and/or problems with the youth.

House Arrest is a detention alternative utilized at the Judge's discretion. It allows a juvenile to be released from the detention center to a parent or guardian under specific restrictions. It also offers an option to the Judge when a juvenile appears before him on a serious charge, who is not retained, to allow the juvenile to remain at home without posing a threat to the community. The juvenile is not allowed to leave the home without a parent or guardian except to attend school or work. The local Police Department is notified of the juvenile's specific House Arrest conditions. The juvenile and his/her family are informed any violation of the House Arrest conditions will result in the juvenile's arrest and possible return to the Youth Detention Center.

House Arrest A: Supervision is primarily the responsibility of the youth's parent/caregiver. Youth may leave the house to go to school, work, and all other approved activities with the company of a parent/caregiver. Detention Alternative staff shall conduct bi-weekly face to face contacts and weekly phone contacts. There is not a program capacity in terms of the number of youth served. The expected average LOS on House Arrest A is 45-60 days.

House Arrest B:

House Arrest A plus daily random phone contacts and weekly face to face contacts conducted by Detention Alternative staff. Additional phone and face to face contacts may be ordered by the court. Up to 4 random calls per day -If youth is compliant, phone calls may be reduced over time. The total number of youth, to be served at a given time is 10. The expected average LOS on House Arrest B is 45 – 60 days.

Home Detention Program (HDP) is a detention alternative program utilized at the Judge's discretion. It affords the juvenile to be released from the detention

center, under the supervision of the Home Detention Program Officer, to return home on an electronic monitor. The juvenile is monitored 24 hours a day through an electronic monitoring bracelet. The juvenile is given “windows” of time which are pre-documented as specific timeframes he/she will be out of the home to attend school, organized sports, church etc.. The juvenile must be in their home at all other times. Special requests may be made to the HDP Officer for additional windows for family related functions. These additional timeframes are at the discretion of the HDP Officer. The juvenile’s behavior, attitude and level of supervision while exercising the “window” will all be deciding factors. A violation of the Home Detention Program could result in the immediate return of the juvenile to the detention center based on the severity of the violation.

Electronic Monitoring (EM) Expansion –GPS/Wireless EM

The goal of the Electronic Monitoring (EM) Expansion program is to provide electronic supervision that allows juveniles to remain in the community as opposed to being incarcerated in the youth detention center. Members of the Division of Juvenile Detention Alternatives will work extended hours three days a week, in addition to have staff available during traditional work hours, to install GPS/Wireless ankle units for juveniles deemed eligible by the court in lieu of secure detention. The Family Court Intake Officer utilizes the Risk Screening Tool to determine eligibility. Initially the youth is placed on a GPS unit and is required to attend a court hearing on the next business day, which at that time will have a wireless cellular ankle unit installed for electronic monitoring for approximately 3-5 days pending screening for placement on the traditional landline Home Detention EM program. In addition, the Juvenile Judge can utilize the GPS/Wireless ankle units whenever they deem necessary.

Community Outreach

The goal of community outreach is to increase the juvenile’s rate of success on the detention alternative programs. Community outreach addresses the challenges and barriers that hinder a youth’s ability to be compliant while on an alternative often resulting in a negative program discharge. Community outreach includes initiating face-to-face contacts and phone contacts, connecting families to community resources, troubleshooting any issues that arise with a youth and/or family while on a detention alternative, and regularly communicating with existing detention alternative and Family Court staff.

Inter-Agency Coordination Committee (IACC)

IACC is a multi-disciplinary team consisting of mental health professionals, educators, substance abuse professionals, Family Court personnel, Office of the Public Defender, Office of the Prosecutor, JJC Court Liaison, JJC Parole representative, Division of Child Protection and Permanency, Division of Juvenile Detention Alternatives representatives and community agency staff established for the purpose of ensuring that the Court receive multi-coordinated input in the course of developing dispositional options for juvenile offenders. IACC reviews all

youth placed in the Youth Detention Center, who are at risk of placement, and juveniles on detention alternative status.

Youth Shelter Services

The Monmouth County Board of Chosen Freeholders through a shared services agreement with Middlesex County funds and operates youth shelter services for Monmouth County youth. The Department of Human Services, Division of Juvenile Detention Alternatives is the agency responsible for administering and monitoring shelter services provided for Monmouth County youth including but not limited to admission requirements, transportation and case management. Admissions for shelter care are approved by the Family Court Judge and through Family Court Intake. There are 2 male beds and 1 female bed reserved for Monmouth County youth. The purpose of the Middlesex shelter is to provide a safe and caring residential setting for male and female adolescents, thirteen to seventeen years of age. Youth with delinquency charges and/or youth in crisis can be placed in the shelter only upon direct authority of the Family Court.

The Middlesex County Youth Shelter is a non-secure facility used for the temporary out of home placement of juveniles by the Family Court, the Family Crisis Intervention Unit or the New Jersey Division of Child Protection and Permanency. Its residents include minor delinquent offenders, juveniles placed as a result of dysfunctional home environments, juveniles placed due to a family crisis, and juveniles placed due to victimization from abuse or neglect.

The Middlesex County Youth Shelter has been serving troubled adolescents and their families from Middlesex County for 25 years. Originally operated as a JINS shelter in New Brunswick, the facility moved to its present location on Route 130 in North Brunswick in 1985. It was expanded to a 24-bed Juvenile/Family Crisis Shelter at that time. The Shelter is operated by the Middlesex County Board of Freeholders and is administered by the Middlesex County Department of Youth Services. The Shelter is a direct supervision, non-secure facility that houses male and female youths through referrals from the Family Court, the Family Crisis Intervention Unit (FCIU) and the New Jersey Division of Child Protection and Permanency. The role of the Shelter is to provide a safe, structured environment that allows the child to prepare for and accept placement plans including family reunification, group home placement, residential and foster care placement or substance abuse treatment. The Middlesex County Youth Shelter telephone number is 732-297-8991 ext. 6260.

S.T.E.A.D.Y. –“Supportive, Transitional & Engaging Alternatives Developed for Youth”

Regarding “Transitions,” given that youth on alternatives develop rapport and trusting relationships with DA Staff who also learn a lot about the youth and their families, DA Staff are in a natural position to bridge the gap between the youth’s transition from the alternative and placement on probation. In particular, youth are placed with a temporary probation officer for the first month or two prior to being assigned to their primary probation officer. The continuous changes youth and

families experience during this time of “transition” going in between DA staff, a temporary probation officer, and then a permanent PO can be viewed as confusing, overwhelming and lacking continuity. As such, a wrap-around team approach will be implemented and DA Staff will, if needed, assemble “team meetings” and continue to have contact face-to face and via phone with youth and their families. The wrap-around, team meeting invites/encourages the members composing of the youth’s support system to set goals, identify need areas and action steps along with developing a “Transition Discharge Plan” to be provided to the PO. This will help with communication among stakeholders, assist with linking youth/family with community-based services, and offers more stability for youth/families transitioning from the alternative program to probation in an effort to increase overall compliance on alternative and success of probation.

Jessica Ford / 732-542-6422 Ext. 111

To provide the Parent Child Conflict Resolution Program- Juvenile Family Crisis Intervention Resource for Monmouth County families referred by Monmouth Vicinage, Family Division Judiciary and prioritized by the Family Crisis Intervention Unit (FCIU). Services include in-home therapy, case-management and purchase of wrap-around services. Short term, community based crisis intervention services which, include a home based model of service delivery to reduce barriers that keep families from accessing services will be provided. Assessment and early intervention services that offer skill training in family communication, parenting, problem-solving and conflict management will be included. Crisis intervention services will be provided to (48) forty-eight referred juveniles and their families for an average of (4) four months that includes approximately (40-45) forty to forty-five hours of direct service to each juvenile, in addition to those hours for which wrap-around funds are purchased.

Monmouth County Division of Juvenile Detention Alternatives-

S.T.E.A.D.Y. – “Supportive, Transitional, & Engaging Alternatives Developed for Youth” \$30,300.00

Ivan Kaplan / 732-308-3770 ext. 3733

Innovations funds will be utilized to maintain the expansion of the detention alternative continuum to a.) allow youth with 1st/2nd degree and black powder offenses access to the GPS program upon release from detention, based on the discretion of the Judge and to b.) placement of youth on the GPS program via the Risk Screening Tool - during the Detention Alternative Unit’s extended, flexed-schedule hours of coverage (staggered between three staff in the unit). A portion of Innovation funds will go towards the Social Worker position and to enhance the youth and family engagement component of the alternative program continuum through the provision of youth/family incentives, organized pro-social activities/events and the coordination of team meetings. ‘Transitions’ will consist of “Team Meetings” (voluntary) with the youth, family, CMO, and other support persons - to help youth and their families identify needs, set goals and develop action steps to achieve same. Out of the Team Meetings, DA Staff will develop a “discharge plan” in preparation for youth departing the alternative and transitioning onto Probation. This approach is intended to improve continuity for the youth/family, increase communication between all system-involved parties, and increase the overall successful outcomes of youth.

Monmouth Vicinage- Family Engagement Program

\$52,500.00

Rosemarie Marinan-Gabriel, Family Division Manager / 732-677-4301

The Monmouth County Prosecutor is the chief law enforcement officer in Monmouth County. Aided by a staff of assistant prosecutors, detectives and support personnel, the Prosecutor is charged with the detection, investigation, arrest, indictment and conviction of criminals who commit crimes within the jurisdiction of the County. To accomplish these tasks, the Prosecutor's Office is organized into several sections, including units that specialize in juvenile and domestic violence crimes, sex and child abuse crimes, gang facilitated crimes and narcotics crimes, among others. The Prosecutor's Office also has a Victim Witness Unit that is charged with providing services and assistance to crime victims and witnesses in an effort to ensure that their rights are protected, they receive timely and accurate information about their cases and are referred for appropriate and needed support services.

Monmouth County Child Advocacy Center

500 Kozloski Road, Freehold, New Jersey 07728

Phone: (732) 431-7160

Child Advocacy Centers are county-based centers that offer a multidisciplinary approach in providing comprehensive, culturally competent child abuse prevention, intervention and treatment services to children who are victims of child abuse or neglect. The Monmouth County Child Advocacy Center is a child-friendly facility where the professionals who respond to reports of child abuse coordinate their investigations and provide follow-up services. The Monmouth County Child Advocacy Center was funded through a public/private partnership combining federal, state and local government funds and private fundraising by The Friends of the Monmouth County Child Advocacy Center, Inc. The Center opened in 2009 and provides a location where the appropriate professionals from law enforcement, Division of Child Protection and Permanency, victim/witness advocates and others meet with the child and family and provide a safe, secure and comforting setting from the initial investigative phases of child abuse cases. The facility has expanded to provide space for medical and mental health treatment, and seeks to improve the coordination of the professionals who respond to reports of child abuse.

MONMOUTH VICINAGE

Family Division (732) 677- 4050 Juvenile Probation Supervision (732) 677- 4790

Juvenile Conference Committee(s)

Contact: Scott Prato, Senior Probation Officer Phone (732) 677-4090
 Samantha Christie, Probation Officer Phone (732) 677-4091

Juvenile Conference Committees consists of volunteer members from the community, trained by court staff and appointed by the Presiding Judge of the Family Division to informally hear juvenile complaints referred by the Court. The Juvenile Conference Committees generally hear cases involving first time juvenile offenders. The Committee hears Petty Disorderly and Disorderly Person offenses, as well as, some 4th degree offenses. There is no adjudication or plea of guilt and there is no formal Court record that is generated. The juvenile must appear with a parent or guardian (if under the age of 18). The victim/ complainant and the police officer involved are invited to attend. The Committee makes a recommendation to the Court as to what sanctions would be appropriate based on the nature of the complaint. If the juvenile and parent/guardian agree, then they will sign an agreement and comply with any conditions within a specific time frame which is set by the Committee, but not to exceed 90 days. If there is an objection, then the case can be referred to the Juvenile Referee to be addressed.

Intake Service Conference is a form of Court diversion dealing with petty disorderly and disorderly persons offenses. Third (3rd) degree offenses, as well as some fourth (4th) degree offenses, can be addressed at this level with the approval of the Judge and the Prosecutor. The juvenile does not receive an adjudication or formal Court record at this level. This form of diversion is a step beyond the Juvenile Conference Committee and a level below the Juvenile Referee. A Probation Officer conducts the conference. A parent or guardian must appear with the juvenile and the complainant is invited to attend. An Intake Service Agreement is written up stipulating certain conditions the juvenile must satisfy. The case is held open for a period of thirty, sixty or ninety days. The time frame is at the discretion of the Probation Officer. The case is closed at the Probation Officer's request if all conditions are met within the set time frame. In cases of non-compliance, the case is placed on the Juvenile Referee's calendar.

Juvenile Referee Program allows an individual, other than a Superior Court Judge, to hear cases that would normally be scheduled for a counsel non-mandatory hearing before a Family Division Judge. In Monmouth County, the Presiding Judge of the Municipal Courts hears these cases. Typical cases may include: fourth degree offenses, disorderly and petty disorderly offenses, as well

as unsuccessful JCC/ISC diversions. The Referee may also hear repeat offenders that are no longer appropriate for diversion and violations of a court order which originated from a diversion or a prior Informal Court Proceeding. The Juvenile Referee will set certain conditions for the juvenile to meet and may include an informal or formal supervision period. The Juvenile along with their parent or guardian may appeal the Judge's recommendation and would then be scheduled to appear before a Superior Court Judge. It would be explained to the juvenile and their parent/guardian that they would be giving up their right to a diversionary process and if the juvenile is found guilty, may result in a formal court record.

The Youth Education Shoplifting Program (Y.E.S.) is a 6 hour on-line course run by the NASP (National Association for Shoplifting Prevention) and is currently being utilized by 13 vicinages in New Jersey. The course is an "offense-specific" education program which helps juveniles identify their feelings, thoughts and attitudes which lead them to shoplift and helps them make better choices for themselves and their future. This interactive program was designed as a means of early intervention for juveniles to help prevent future appearances in the juvenile justice system. Moreover, it has been shown to be 98% effective in preventing juveniles from committing a second shoplifting offense. The program is a disposition used primarily by the diversion programs.

Agency: Office of the Fire Marshal
Program: [FIRE FLY](#)
Contact: Cindy Biddle and Irene Tuyahov, Secretaries
Phone: (732) 683-8856 Fax: (732) 683-8864

The Fire Fly program provides education and counseling to juvenile fire setters. Juveniles referred by the County Investigator, JCC, ISC, Juvenile Referee, concerned parents or local police or fire department are interviewed by County Fire Marshals. The Program Coordinator and Staff Psychotherapist, who develop a course of action ranging from fire safety education to mental health counseling by professionals, provide an intake report for the Judge or diversion program which requested their intervention. It will include any concerns they may have for the juvenile's or the community's safety and their recommendation as to what provisions need to be put into place to avoid reoccurrences of this nature.

Program: [PARENT EDUCATION PROGRAM](#)
Contact: Joanne McLaughlin, Admin. Specialist 4 (732) 677-4321
Sharon Astorino, Admin. Specialist 4 (732) 677-4295

Under the 1999 Parent Education Act, all parties in any divorce, nullity, or separate maintenance action, who have minor children, are required to attend a parent education session. The goal is to promote cooperation between the

parties and to assist parents in resolving issues which may arise during the divorce or separation process. Its main focus is to assist divorcing/separating parents in the reorganization of their family by helping them to understand the legal process, the financial needs of the family, and the emotional needs of their children and provide them with the resource tools for future use in a co-parenting relationship.

Agency: Monmouth Vicinage Family Court

Program: **"PARTNERS IN PARENTING"**

Contact: Sharon Astorino, Admin. Specialist 4 (732) 677-4295

The Monmouth Vicinage has established a Parent Education Program for parents involved in non-dissolution (FD) matters. The program will be similar to the FM Parent Education Program in that it will target parents who have new custody/parenting time matters before the Court. The Program will be administered by an Administrative Specialist, who will provide information to parents regarding the court process, the effects of separation on children, and the importance of co-parenting and effective parenting time plans. It is anticipated that by providing information to parents, similar to what is provided to FM clients, we will promote a climate of cooperation therefore improving the rate of consent orders and thus reducing the number of court referrals.

Juvenile Intense Supervision Program (JISP) JISP is a dispositional alternative utilized by the Judge when it is felt the juvenile requires more supervision than traditional Probation supervision offers. An Officer who is responsible for setting conditions and ensuring compliance monitors the juvenile. A juvenile on JISP can expect more frequent home and school visits than traditional probationers. If applicable, drug screening will also occur on a more frequent basis. Violation of any of the conditions set forth by the JISP Officer or program regulations will result in a violation being filed and violation hearing. The juvenile may be returned to the Detention Center and subsequently terminated from the program based on the severity of the violation.

Juvenile Supervision

Juvenile Supervision handles two types of Dockets: Deferred Disposition and Juvenile Probation Terms.

1. **Deferred Dispositions** are cases that are in Court and the disposition is deferred for up to 12 months. These cases are monitored for compliance only. Deferred Dispositions could have financial obligations, community service, drug testing, and counseling that need to be monitored. Deferred Dispositions that do not have any of the above conditions remain with the Family Division. Monitoring of the cases by Probation does not include reporting by the juvenile. If the conditions imposed by the Judge are not adhered to it may result in the matter being returned to court. Deferred Terms that have met all the conditions

imposed on the court order may result in the matter being dismissed at the end of the term.

2. **Juvenile Probation** is cases that the Judge has placed on probation status. These cases are supervised by the Probation Division's Juvenile Supervision Unit and assigned a probation officer according to area location, unless the offense necessitates assignment to a specialized caseload. During the initial intake phase (0 – 90 days), the juvenile is on close supervision and required to report once a week. A home inspection is necessary within the first 30 days, which encompasses the viewing of the juvenile's sleeping area and the common areas of the home. During intake, demographic information is verified, school enrollment, employment, etc.; the officer reviews the Conditions of Probation with the juvenile and parent, as well as other necessary paperwork. Once the intake phase is completed, the officer determines the juvenile's needs and may consider reducing reporting to bi-weekly. Face-to-face contacts are required. Home Visits may be conducted periodically throughout the term of probation. It should be understood that the Probation Officer enforces the Court Order and may impose additional conditions based upon the individual needs of the juvenile. If the Juvenile is non-compliant with any of the Conditions of Probation, it may result in the matter being returned to Court for a Violation of Probation.

Juvenile Parent Orientation Program

This is a program that the Monmouth County Juvenile Probation Division provides to juveniles and their parents who were recently placed on Probation. The program informs the juveniles and their parents what the probation expectations will be for the probation term. The juveniles and their parents are provided with Probation, Agency and Program contact information for Monmouth County. The program is offered once a month at the Freehold Office and once a month at the Ocean Township Office.

**New Jersey Department of Children and Families
Division of Children's System of Care**

DCF's Children's System of Care (CSOC), formerly the Division of Child Behavioral Health Services, serves children and adolescents with emotional and behavioral health care challenges and their families; children with developmental and intellectual disabilities and their families; and, children with substance use challenges and their families. CSOC is committed to providing services based on the needs of the child and family in a family-centered, community-based environment.

Contracted Systems Administrator 1-877-652-7624

DCF provides families with a virtual single point of contact that registers; tracks and coordinates care for children who are screened at any level into the Children's System of Care. To provide this simplified access, DCF contracts with PerformCare, a private entity that administers this service system.

Functions of PerformCare:

1. Provides 24 hour assistance to help families get services.
2. Establishes access to same quality of services across the state.
3. Facilitates single way to pay providers regardless of whether a child is Medicaid eligible or not.
4. Tracks eligibility to ensure more children gain access to public health insurance.
5. Tracks eligibility to ensure New Jersey maximizes federal dollars.
6. Connects care across providers and levels for all children rather than just for children with the most severe disturbances.
7. Provides a systematic way to ensure children and their families receive appropriate treatment for an appropriate length of time while remaining as close to home as possible.
8. Keeps all child and family information in one record for all Children's System of Care.
9. Identifies the different intensity of services given by providers and assists DCF to adjust rates to reflect these differences.
10. Reports on effectiveness of services and child and family satisfaction, complaints and grievances.
11. Reviews children placed in psychiatric hospitals to assure appropriate discharge planning and after care services are in place so that children are linked to a community network of care.
12. Tracks and reports on a system of outcome measurements so that the state can determine and measure the improvements made by the Division of Children's System of Care.

Care management organizations (CMO's) are agencies that provide a full range of treatment and support services to children with the most complex needs. They work with child-family teams to develop individualized service plans. The CMO's goals are to keep children in their homes, their schools and their communities.

The agency provides care management services for children and families with behavioral and emotional needs, in order to reduce further disruption in their lives, by keeping the youth at home, in school and out of trouble. They utilize a Child and Family Team model to help the family develop an ISP (Individual Service Plan) for each child which addresses all of the family's life domains. The Care Managers coordinate services, explore community resources, support and advocate for the family until they can manage their own plan and have substantially met their goals. There are flexible funds to support strategies where no other source exists. Specific services are available to the Family Court to aid in planning for their youth. Youth with additional needs in substance abuse, or intellectual/developmental disability are also served. There is no limit on the number of families served. There are 40 Care Managers who are supported by administrative and supervisory staff. There are community resource development staff, who among other things, administer the MonmouthResourceNet data base of community resources. (www.monmouthresourcenet.org)

The yearly budget for MonmouthCares, Inc. is a combined total of \$4,432,334, which includes Medicaid and State Department of Children and Families contract dollars. Referrals to MonmouthCares are arranged through PerformCare, the Contracted Systems Administrator (1-877-652-7624) for the Division of Children's System of Care (DCSOC).

Mobile Response and Stabilization Services are available 24 hours a day, seven days a week, to help children and youth who are experiencing emotional or behavioral crises. The services are designed to defuse an immediate crisis, keep children and their family safe, and maintain the children in their own homes or current living situation (such as a foster home, treatment home or group home) in the community. MRSS is available to children and youth who's escalating emotional or behavioral issues require timely interventions to prevent disruption of their current living arrangement, including out-of-home placement. Primarily, the MRSS is a face-to-face delivery of service at the site of the escalating behavior, whether this is the child's home, a group home or another living arrangement, including resource and foster family homes. These services are focused, time limited, intensive, preventive and include behavioral and rehabilitative interventions designed to diffuse, mitigate and resolve a crisis. To access the services of Mobile Response and Stabilization Services call the

Contracted Systems Administrator (CSA) 24 hours a day, 7 days a week at 1-877-652-7624. MRSS workers will work with the family/caretaker and the child/youth to diffuse the behavior, and develop an Individualized Crisis Plan. Stabilization services and community linkage are available up to 8 weeks. This program is funded by the Department of Children and Families; \$ 463,482 for the period July 1, 2015 –June 30, 2016, which includes \$51,571 in Flex Funds.

CPC's **Therapeutic Community Homes** (TCH) program has provided therapeutic support, training and respite services to our families enabling them to make foster care a long-term endeavor. This unique support has allowed TCH families to work with the child's emotional disability, learning disability, or neurological impairment and give the child what he or she needs most -- a nurturing, loving environment. CPC's therapeutic foster care program helps children ranging from infancy through adolescence who would benefit by living with a family in the community. To guarantee that the child is placed in the best environment possible for his/her emotional growth, CPC recruits and trains foster parents, and provides crisis back-up services and respite time. CPC Behavioral Healthcare supports foster parents with:

- Training and 24-hour support/supervision by professional staff
- A clinician provides individual/family in-home counseling on a weekly basis
- A monthly tax-free stipend of \$1,500 per child
- Periodic clothing allowances
- Five hours of respite care weekly
- Seven paid vacation days per year

CPC Behavioral Healthcare's [Residential Treatment Center](#) serves boys aged 11-14 who are referred by the Division of Child Protection and Permanency (DCP&P) with a diagnostic mix that includes: mild DDD (IQ of 65+) and primarily behavioral, emotional and psychiatric disorders. Adolescent Resources

Life Skills Training

Life Skills Training offers instruction in daily living domains such as budgeting and financial management, communication, decision making, self-care, and housing. Assistance in obtaining a high school diploma, career exploration, vocational training, job placement, and job retention are also included. Case workers can refer adolescents, who are at least 14 years of age and in a DCP&P paid placement, for Life Skills training. If adolescents are in a DCP&P sponsored living arrangement or a congregate care setting, they may be receiving this training as part of their ongoing programming; if they are, then they need not be referred to the stand alone Life Skills training programs. There are only a limited number of Life Skills training slots contracted for in each county. **Middlesex/Monmouth Counties** Multicultural Community Services (732) 650-0330

Aftercare

The Aftercare agencies provide intensive case management and support services to young adults between the ages of 18 and 22. The Aftercare agency will begin working with the young adult prior to DCP&P closing the youth's case, and can continue to work with him or her after the case is closed with DCP&P. Aftercare provides the young adult with assistance in obtaining employment, housing and post-secondary education. These programs can also access flexible

funds (wrap around funds) to enable the young adult to obtain the supports, which will assist them in transitioning from the child welfare system to self-sufficiency and stability. It is recommended that adolescents complete life skills training before being referred for this service. A young adult who has left Aftercare and is not yet 21 can return to the Aftercare agency for an additional short-term case management services, information, referral and wrap around funds.

Wraparound Funds

Wraparound Funds (also known as Chafee Funds) are flexible funding available for those adolescents in an independent living skills, aftercare, or transitional living program. The funds can be used to pay security deposits, up to four months' rent, purchase linens, furniture, driving lessons, or other items or services that will help the adolescent obtain independence. Eligible adolescents are as follows: • Age 16 to their 22nd birthday who are in an independent living skills or transitional living program • Age 18 to their 21st birthday who are in an aftercare program • Age 18 to their 21st birthday, who are no longer an open DCP&P case or in an aftercare program, but were in a DCP&P placement on their 18th birthday Only independent living skills, aftercare, and supported housing programs can make requests for the Wraparound Funds. A young person must work with one of these programs in order to access these funds. Should you have any further questions about Chafee funding, please contact the wraparound administrating agency for your county. **HUNTERDON· MERCER· MONMOUTH·OCEAN· SOMERSET** Catholic Charities "RAPS" (908) 782-7905

Housing Programs

DCF funds a number of supervised and supported transitional housing programs targeted to address the complex needs of homeless youth and youth transitioning out of the DCF system of care. These programs provide safe and stable housing with the ultimate goal of assisting youth to achieve self-sufficiency and a successful transition to adulthood. Youth are typically between the ages of 16 to 21 and often require life skills services, case management, and assistance with achieving educational and employment goals. DCF assists with the funding of approximately 300 supportive housing bed slots statewide. The Office of Adolescent Services (OAS) has partnered with PerformCare to provide a real-time bed tracking and referral process for all non-clinical adolescent transitional housing programs. The Adolescent Housing Hub ("The Hub") is an online reservation system that has been created for all Adolescent Transitional Housing Programs (non-CSOC). These housing programs include Supervised Transitional Living Programs (STLP), Transitional Living Programs (TLP), and Permanent Supportive Housing Programs (PSH). Sometimes these housing programs are also known as "Adolescent Housing Programs", "Independent Living Programs", or simply "Housing Programs". With the deployment of "The Hub" all adolescent housing/transitional programs will now be accessible to all DCF (DCP&P and

CSOC) involved youth and youth that are homeless and non-DCF involved. Youth with developmental disabilities are not eligible for these transitional housing programs. A DCP&P worker, CSOC care manager, the youth, a DCF contracted housing provider or a youth advocate can call PerformCare at 1-877-652-7624 and press “4” to access “The Hub”.

Youth Advisory Boards

DCP&P has county-based Youth Advisory Boards (YABs) throughout the state. Contracts were awarded to non-profit community agencies to host and coordinate each YAB. Through the YABs, teens and young adults have an opportunity to provide input and feedback on adolescent programming and policy to DCF management and staff. They are youth driven forums that strive to empower youth in foster care and homeless youth to successfully transition into adulthood upon leaving the DCF system of care. Youth develop and enhance their advocacy and leadership skills through public speaking, community service, training, interaction with positive role models, and having a voice in the policy, practice, and programming for DCF involved adolescents. Any adolescent in placement is eligible to become a member of their local Youth Advisory Board. DCF staff and other advocates are encouraged to assist a youth they are working with to join and/or be aware of the activities of their local YAB.

Youth Partnerships

The Children’s System of Care (CSOC) supports similar advocacy and peer leadership groups for young people who identify as having mental health challenges and/or receive services through CSOC. They are sponsored by their local Family Support Organizations in each county/region. The FSO contact information can be found at: <http://www.state.nj.us/dcf/behavioral/help/family.html>

Outreach To At-Risk Youth (OTARY)

The OTARY program is designed to prevent crime/juvenile delinquency and deter gang involvement by providing enhanced recreation, vocational, educational, outreach and/or supportive services to youth ages 13 to 18, with the option to serve youth until age 21. The programs are located in communities with demonstrated high crime and gang violence. These programs have a proven track record of making a difference in the lives of youth, including “at-risk” youth. The programs are open to youth regardless of their involvement with DCF.

Transitional Education Center

Transitional Education Center program is an alternative, year round educational program designed to meet the need of an array of “at risk” students. The mission of TEC program is to provide a comprehensive educational program which provides the at risk adolescent with the skills needed to create a positive life for themselves in order to promote their successful reintegration into future school, work and/or community endeavors. The program supports and encourages each student to earn a diploma from their local high school or to return to their local districts to complete their education. TEC serves students between 13 and 21 who have not completed high school. Accepts students placed by a Dept. of Children and Families agency or the courts. Accepts students referred by local school districts.

Project TEACH (Teen Education and Child Health) is an alternative, year-round education program for pregnant or parenting teens. Project TEACH serves students at risk of school failure.

The mission of the Project TEACH program is to provide a comprehensive educational program which provides pregnant and parenting adolescents with the skills needed to create a positive life for themselves and their children. The program strives to make sure that each student will receive a diploma from her local high school or return to their local school districts to complete their education. In any event, students do not leave the program until a support system is in place for them at home or in the community. Project TEACH serves students between 13 and 21 who have not completed high school. Accepts students referred by local school districts and placed by a Dept. of Children and Families agency or the court. Limits class size to no more than 12 girls at any one time. Provides specialized case management services to support pre and post natal linkages to community resources and transitional support. The Project TEACH licensed child care center provides on site care for infants 6 weeks to 2½ years of age.

The Greater Asbury Park Community Development Initiative

The GAPCDI is a collaborative organization that serves the Asbury Park/Neptune area and has a focus is to prevent juvenile crime and promote positive outcomes for youth. The Greater Asbury Park Community Development Initiative (GAPCDI) includes representatives from Community Based Organizations, Government Agencies, Faith Based Groups, Law Enforcement, Education, and interested community members. The Initiative provides a comprehensive, city wide coalition that enables all of these participating groups to communicate and coordinate with each other under the leadership of the Mayor and the Prosecutor's Office.

The Out of School Time (OST) Committee seeks to expand awareness of the existing programs in the Asbury Park/ Neptune area and facilitates partnerships between service agencies allowing for collaboration on OST programming. The Youth Employment committee holds a job-readiness and employment training program, Go-for-the Gold. In a few informative workshops, students learn skills such as resume-building, interviewing, and customer service. Upon their successful completion, they receive a "gold card" to show to employers. The Go-for-the-Gold program has been successful in its previous years, and continues to be a state-wide example for employment training programs. Go-for-the-Gold completed its Spring 2017 class, and is looking to have the next class for Fall 2017 while spreading out to Neptune. A Police Chaplaincy program was established which places voluntary clergy on 24 hour call to respond to offer non-sectarian assistance when juveniles are arrested for minor offenses. The Police Chaplaincy Initiative brings together clergy for a variety of existing and new initiatives. This is done in conjunction with the Asbury Park CAN which has at its core a faith-based membership.

The New Jersey Training School (NJTS) is the Juvenile Justice Commission's largest facility currently housing approximately 300 male juveniles. It was opened in 1867 as a home for troubled youth. Today, NJTS is a secure facility with a state of the art perimeter fence and 24-hour armed roving patrol. Residents range in age from 12 to 23 years of age with the vast majority of Residents being 16 to 18 years old. The primary focus of NJTS is to provide care, treatment and custody for juveniles committed by the courts and to create programs that will rehabilitate young offenders. NJTS campus includes seven cottages that serve as housing units, a full-service school, a vocational building, recreation facilities, a medical facility and administrative offices. The Training School offers several unique vocational opportunities including an optical lab program which teaches juveniles to craft eyeglasses. NJTS supplies eyeglasses to all juvenile and adult residents in the state. Through this program, several youth have received jobs with optical employers after their release. Another program teaches juveniles to care for small farm animals. NJTS offers vocational programs in upholstery, horticulture, welding, graphic arts, auto body, auto mechanics, building trades, machine shop, small engine repair, and radio and television communications.

The Youth Advocate Programs, Inc. - Regional Re-entry Program

Contact: Charles Teh Jr., Program Director, Mercer/Monmouth Youth Advocate Program -Office: 856-546-3701; Cell: 609-480-5652

The regional grant is \$200k 1st year, \$160 2nd year, and \$120 3rd year.

Recidivism is a concern for youth leaving JJC facilities. YAP plans to offer interventions that begin during custody and continue through discharge and reintegration for 30 youth who are returning to their community from JJC facilities at any given time, for a total of 60 youth annually. Youth will receive at least 10 hours of service per week. YAP staff recognizes that family-based issues left unattended will threaten the juvenile's successful reentry. YAP will provide family strengthening services including case assessment and wraparound advocacy; employment training and supported work opportunities; educational/vocational support; and independent employment opportunities.

Two (2) Case Managers will be hired to provide and coordinate services for youth returning to Southern Region counties. The Case Managers will work closely with YAP's current Program Directors in each of the counties to identify, contact and develop referral relationships with the services and supports in their county that can address each youth's needs. The regional Case Managers and the county

Program Directors will each work with the youth to provide services utilizing the YAP Wraparound Advocacy model of service with the evidence-based PATTS classes. Youth will also participate in work readiness training using the Casey Life Skills program and each Case Manager will work with the Program Director's current local employment partners and the One Stop Career Centers to place youth into jobs, training or internships based on their interests and readiness.

Drug Free Communities of Asbury Park and Long Branch

Liza DeJesus, Director of Prevention Services

732-663-1800 ext. 12180

\$125,000 September 30, 2016 to September 29, 2017

Training and implementation of evidenced based prevention programs for the Prevention Coalition of Monmouth County to reduce underage drug use and promote drug abuse free community norms within the communities of Asbury Park and Long Branch. Asbury Park and Long Branch will participate in media campaigns rewarding retailers for not selling substances to youth, alerting parents to the harms of youth substance abuse, supporting Student Random Drug Testing in the schools and consistently celebrating the youth in their communities. The goal of the coalition movement is to unite all community members to reduce substance use among youth and eventually among adults.

Other Resources

Catholic Charities Monmouth Counseling Program provides individual and family counseling for children with emotional and behavioral challenges. Psychiatric evaluation and medication monitoring is provided as an adjunct to counseling.

Catholic Charities Family Growth Program provides individual, family and group treatment for survivors of childhood abuse and trauma. Evidence based treatments are employed to address trauma symptoms, behavioral challenges in very young children, and problematic sexual behaviors in children and adolescents.

The Red Bank Resource Network located at 103 Drs. James Parker Boulevard, Suite B, in Red Bank offers a community walk-in center with information and referral specialists and licensed counselors. Red Bank Resource Network (RBRN) RBRN is a family-oriented community resource center providing linkages with health, social service, and counseling support for individuals and families impacted by trauma, such as super-storm Sandy or being a victim of crime. A complete business center is available for public use. RBRN is designated as a

Certified Application Counselor Agency by the Center for Medicare and Medicaid Services, and assists Monmouth County residents with applying for health insurance under the Affordable Care Act and NJ Family Care. Additional services and events are scheduled as identified through a coalition of stakeholders who serve on community and professional advisory boards to RBRN. Services are offered free of charge to the public in English and Spanish.

The 4-H Youth Development Program of Rutgers Cooperative Extension of Monmouth County promotes positive life skill development through recreational and educational programs employing a “hands on learning” approach. The year round 4-H program is governmentally sponsored, receiving federal (United States Department of Agriculture); state (Rutgers University) and county (Monmouth County Board of Chosen Freeholders) funding. Due to this sponsorship, there is no charge for participation in 4-H clubs. 4-H is available to youth grades K-13 throughout Monmouth County, from all communities including rural, urban and suburban. 4-H services include clubs, after school programs, school enrichment programs, camps, special interest programs, independent projects, special events, and youth employment. 4-H clubs are led by trained 4-H volunteers who initiate clubs in their respective communities; volunteer recruitment for this club development is ongoing throughout the year. 4-H subject matter includes: citizenship and civic education, communication and expressive arts, consumer and family science, environmental education and earth sciences, healthy lifestyle education, personal development and leadership, plants and animals, and science and technology.

21st Century Community Learning Center Program

The primary goal of the 21st CCLC Program is to supplement the education of children who attend low-performing schools and live in high-poverty areas with academic, artistic and cultural enrichment during out-of-school time hours, so that they may attain the skills necessary to meet state core curriculum content standards. In addition, the centers must offer literacy and other educational services to the families of the participating students.

The core services of a 21st CCLC program must be those services and/or activities that advance student achievement using the 12 program categories outlined in the federal guidance and be offered during out-of-school time hours. Out-of-school time programs should reflect a commitment to promoting knowledge, skills and understanding through enriching, hands-on and creative

learning opportunities that do not extend, but complement the school day. The core services can fit into four main categories:

Academic Enrichment: Remedial education activities that provide additional assistance to students to allow them to improve their academic achievement; tutoring in core academic subjects such as mathematics and science education, etc. ; activities for students who are limited English proficient that emphasize their language skills and academic achievement.

Enrichment Activities and Recreation: Activities that complement students' academic learning by allowing students to engage in more creative activities such as art, music, dance, recreation and cultural activities.

Family Literacy and Enrichment Programs: Literacy and other educational services that assist parents and families of participating children in becoming full partners in the education of their children for increased parental involvement and positively impact the family members' ability to engage in interactive literacy activities.

Support Services: Services that target drug, violence, and other youth prevention programs, and character education programs. Students and their families are linked to community outreach services and are provided with opportunities to engage in service learning activities and access to adult education resources.

Asbury Park School District has received 21st Century Community Learning Center (21st CCLC) grant funds. The grant will fund summer, before and after-school academic programs that are coupled with cultural, artistic, positive youth development, health and parental involvement activities at the Asbury Park Martin Luther King Middle School and the Bradley Elementary School. The first year grant allocation is in the amount of \$500,000 and the project period of the first year of the five year program is September 1, 2016 through August 31, 2017. After-school activities are to commence after October 1st, 2016. The Boys & Girls Clubs of Monmouth County is a subcontractor on this initiative for up to \$100,000 for the school year and summer. *Contact: Justin Artenant*
