**Board of County Commissioners**

Thomas A. Arnone, *Commissioner Director*

Ross F. Licitra, *Commissioner Deputy Director*

Susan M. Kiley, *Liaison*

Dominick "Nick" DiRocco

Erik Anderson

**Monmouth County Division of Behavioral Health**

**Our Vision:**

All the members of our community in the the spirit of inclusion, safety and success, regardless of age, gender identity, race, ethnicity, religious beliefs, or country of origin, will have access to the information, services, resources, and support needed to prevent, intervene, treat and recover from behavioral health challenges in a stigma-free environment, so that they may achieve wellness and thrive in their lives.

**Our Mission:**

The Division of Behavioral Health, through public and private partnerships and collaboration, educates, guides, empowers, advocates, and creates access to locally organized and integrated systems of behavioral health and support services for all members of our community, with wellness and recovery as the goal for all Monmouth County residents.

## **Monmouth Acts Navigation System**

***Need resources, but not sure where to look? Our new Navigation System offers support – with a personal touch.***

Monmouth County has recently launched the Monmouth ACTS Navigation System – an easy way for residents to find and access appropriate services in Monmouth County to meet their needs. Created as part of Monmouth County’s Department of Health & Human Services, the Navigation System will serve as one point of entry for residents to be connected to any human service provider in the County, without needing to make multiple calls and needing to tell their story again and again.

**Call one phone number and reach countless service providers:**

.....732-683-8959

As the first-of-its-kind in New Jersey, the Navigation System will offer residents a streamlined way to connect with all resources in the area, including food, housing, medical care, employment, behavioral health care and much more.

***How?*** Residents call the Navigation System at 732-683-8959, and connect with a compassionate, trained social worker. The social worker will talk with the individual about their needs, challenges and if they are receiving any current services. This conversation will help the social worker determine the next steps for the resident: The resident needs a simple electronic referral to the agency(s) that can help the resident who requires immediate attention and the social worker will personally connect the individual to the appropriate agency(s) The resident’s needs are significant and complex, so the social worker will connect them to a Service Coordinator who will assist the resident in coordinating referrals to various resources.

### STIGMA

The Monmouth County Stigma-Free Initiative is a countywide program that aims to reduce the stigmas associated with mental illness and substance use disorder. We are dedicated to raising awareness of the diseases of mental illness and substance use disorders to create a culture wherein residents feel supported by their community and neighbors and feel free to seek treatment for the diseases without fear of stigma.

For more information contact us on our website:

<https://www.stigmfree-monmouth.org/>

### NJ Governor's Council on Mental Health Stigma [www.nj.gov/mhstigmacouncil](http://www.nj.gov/mhstigmacouncil)

The campaign to educate and enlighten the public about the importance of mental health is paramount to our efforts. Mental health stigma is the last frontier of discrimination and we are in the midst of an evolution and revolution in mental health. We now know that it is likely that everyone will experience or be touched by a mental illness at least once in their lives.

Therefore, we must remember that mental illness does not discriminate, people do.

When we discriminate against those with mental illness we are discriminating against our mothers and fathers, sons and daughters, sisters and brothers, friends and neighbors. Embracing mental health and learning more about mental illness will enrich and strengthen the communities in which we live.
