Nick DiRocco
Ross F. Licitra

Monmouth County Division of Behavioral Health

Our Vision: All the members of our community in spirit of inclusion, safety and success, regardless of age, gender identity, race, ethnicity, religious beliefs, or country of origin, will have access to the information, services, resources, and support needed to prevent, intervene, treat and recover from behavioral health challenges in a stigma-free environment, so that they may achieve wellness and thrive in their lives.

Our Mission: The Division of Behavioral Health, through public and private partnerships and collaboration, educates, guides, empowers, advocates, and creates access to locally organized and integrated systems of behavioral health and support services for all members of our community; with wellness and recovery as the goal for all Monmouth County residents.

STIGMA

The **Monmouth County Stigma-Free Initiative** is a county-wide program that aims to reduce the stigmas associated with mental illness and substance use disorder. We are dedicated to raising awareness of the diseases of mental illness and substance use disorders to create a culture wherein residents feel supported by their community and neighbors and feel free to seek treatment for the diseases without fear of stigma.

For more information contact us on our website:
<https://www.stigmfree-monmouth.org/>

NJ Governor's Council on Mental Health Stigma ***www.nj.gov/mhstigmacouncil***

The campaign to educate and enlighten the public about the importance of mental health is paramount to our efforts. Mental health stigma is the last frontier of discrimination and we are in the midst of an evolution and revolution in mental health. We now know that it is likely that everyone will experience or be touched by a mental illness at least once in their lives.

Therefore, we must remember that mental illness does not discriminate, people do.

When we discriminate against those with mental illness we are discriminating against our mothers and fathers, sons and daughters, sisters and brothers, friends and neighbors. Embracing mental health and learning more about mental illness will enrich and strengthen the communities in which we live.
