Attachments: FACT SHEET DUET.pdf; MiddletownTownshipAdulticideMap091925.png

Good afternoon,

Due to evidence of West Nile virus, the Monmouth County Mosquito Control Division will be conducting an operation to control flying adult mosquitoes within Middletown Township. According to records provided by the New Jersey Department of Environmental Protection, you maintain beehives within 3 miles of the treatment area. This email is to provide you with notification within 24 hours prior to our operation, as required by NJDEP.

Mosquito control operations are scheduled for Friday, September 19, 2025, from 4:00am to 6:30am, weather permitting. The treatment area includes residential streets east of Harmony Road, south of Cherry Tree Farm Road, west of Tindall Road, and north of Oakdale Drive, Daniel Drive and Tindall Park. (see attached map). We will be applying Duet® (see attached fact sheet) using truck-mounted ultra-low volume application equipment. If you have any questions, please do not hesitate to contact me using the information below.

Thank you,

Regina Henry
